SAMPLE

The Clery Act requires institutions to issue a timely warning when a Clery crime, occurring within Clery geography, poses a serious or on-going threat to the campus community. The threat assessment is applied to the overall campus not individuals, and the intent of this warning regarding the qualifying criminal incident is to be informative. Timely information allows each individual to assess the information and take the protective steps they feel necessary and may aid in the prevention of similar crimes.

Regardless of what risk level you determine you are personally at, UW-Green Bay Police encourages everyone to review the [Emergency Action Guide](#) and other [Crime Prevention Tips](#) to enhance their security and awareness.
