Study Abroad Academic Credit Equivalencies

Dear faculty and academic advisors,

Please use this handout as a guide to the academic credit equivalencies found at UW-Green Bay study abroad partner institutions. Students who study abroad are required to take the equivalent of at least 12 (semester) or 6 (summer) UW-Green Bay credits in order to be considered full-time abroad and be eligible for financial aid and for some locations to maintain student visa status.

Academic advising forms can be found on our website as well as grade equivalencies and links to course catalogs or lists of current courses.
