

## Nursing | 2017-2018 Assessment Report

1. Please give a brief overview of the assessment data you collected this year.

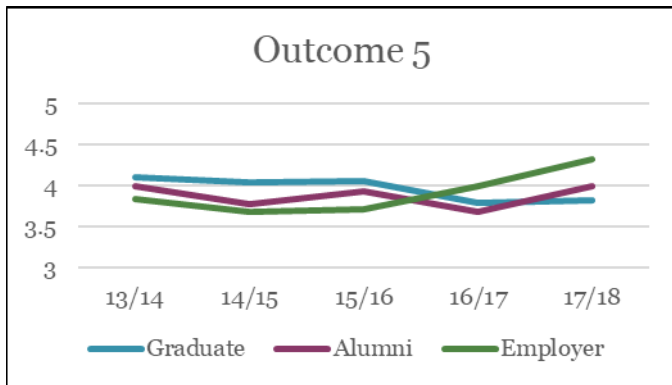

The RN-BSN Nursing Program focused its review on Program Outcome 5 again this year. Student performance was satisfactory.

Data collected includes:

Course	Program Outcome 5: Healthcare Finance and Policy	Student Group and Assessment Methods	Results
NURS 407	✓	<p>*Spring 2018 NURS 407 Section 1- Lesson 9. Economic Influence: Nursing Theory (Triple Aim Proposal)</p> <p>*Final exam question (one out of 14) related to Finance/economic (Triple Aim question)</p>	<p>*Student performance on Lesson 9 was excellent</p> <p>*Student performance on exam question 84% scored correctly</p> <p>The Influence of Economics was updated to include more theory and healthcare policy content.</p>
NURS 455	✓	Spring 2018 NURS 455 Section 1- Public Health finance Assignment, Legal Regulatory Journal,	<p>Finance Assignment Average score: 89.4% % of students with 80% or higher: 82.7%</p> <p>Legal Regulatory Journal Average score 92.9 % of students with an 80% or greater: 95.6%</p>
NURS 447	✓	Spring 2018 NURS 447 - Quality Improvement Project part 2	The Quality Improvement Project: Average Score: 90.1% % if students with an 80% or greater: 76%
NURS 490	✓	Spring 2018 NURS 490 Section 2- Health Policy Paper, Disease management paper part 3	Health Policy Paper (15 points possible) Average Score: 14.13 % if students with an 80% or greater: 91.7%

			Disease Management Paper-Part 3- (12 points possible) Average Score: 11.77 % if students with an 80% or greater: 92%
BSN Graduate Survey	✓	All 2017 graduates were sent the link to an electronic graduate survey asking their perceived achievement of each program outcome.  Benchmark- Aggregate mean score of 3.75 on a 5-point scale  <b>Scale</b> 5= Extensive; 4= Substantial; 3= Moderate; 2= Limited; 1= None	Mean (SD)  Graduating class of 2017 PO5= 3.83 (.82)
BSN Alumni (1-year) Survey	✓	All 2016 graduates were sent the link to an electronic alumni survey asking their perceived achievement of each program outcome.  Benchmark- Aggregate mean score of 3.75 on a 5-point scale  <b>Scale</b> 5= Extensive; 4= Substantial; 3= Moderate; 2= Limited; 1= None	Mean (SD)  Graduating class of 2017 PO5= PO5=4.00 (.84)
BSN Employer Survey	✓	An electronic employer survey was sent to graduates who consented to have their employers sent a link to an electronic employer survey. The survey asked their perception of how well their employee/student demonstrated each program outcome.  Aggregate mean score of 3.75 on a 5-point scale Scale <ul style="list-style-type: none"> <li>• 1= very dissatisfied</li> <li>• 2=dissatisfied</li> <li>• 3= neutral</li> <li>• 4=satisfied</li> <li>• 5= very satisfied</li> </ul>	Mean (SD) Employers of Class of 2017 PO5=4.33 (.94)

Below shows the change in Program Outcome 5 from 2013/14 to 2017/18.

2. How will you use what you've learned from the data that was collected?

Changes in the program that resulted from the program assessment includes:

- At the BSN@Home course review session (January 2018), content specific to healthcare policy was discussed. It was discovered that during the 2014 course revisions, health policy content and associated paper was removed from the 447 Leadership & Management course when the course credits changed from 4 to 3. The lead faculty for this course will review and add information regarding healthcare policy and finance.
- While the curricular changes to increase content coverage regarding healthcare finance and policy have yielded improved results (particularly the employer perspective), we will continue to monitor results of Program Outcome 5 responses on the graduate, alumni and employer surveys.
