

Increasing access to affordable education anywhere, any time for everyone.

With your choice to support the University of Wisconsin-Green Bay, you are helping students achieve their dreams. More than 80 percent of our graduates live and work in Wisconsin. An investment in UW-Green Bay is an investment in our communities.

The Foundation's role is to attract, manage and distribute private resources, donated by friends of the University, that make amazing things happen, from generous student scholarships to lighting the stage in Cofrin Family Hall in the Weidner Center for the Performing Arts.

MISSION

Founded in 2011, the UW-Green Bay Foundation furthers UW-Green Bay by developing and increasing opportunities for students in the areas other than those in which the State of Wisconsin makes appropriations. The Foundation attracts, manages and distributes private resources that fund student scholarships; renovate or construct academic or recreational facilities; fund endowed faculty positions; support research; and fund educational activities to enhance learning environments.

The Foundation is a 501(c)(3) tax-exempt organization and serves as the custodian for charitable gifts made to UW-Green Bay and assures that donor intent is honored.

BOARD OF DIRECTORS

The UW-Green Bay Foundation Board of Directors provides fiduciary oversight of the UW-Green Bay Foundation gift and endowment fund accounts, investments, expenditures, accounting and operations budget. Your gifts are in good hands.
