Whereas, the UW-Green Bay Student Government Association wishes to include in the Pouring Rights contract phases in limiting or completely eliminating the sales of bottled water at UW-Green Bay.

Whereas, the committee has the support of the Sustainability Committee in this endeavor.

Whereas, it is recommended that within the first year of the Pouring Rights contract, bottled water not be sold in vending machines on campus, and

Whereas, in the second year campus dining services would eliminate sales of bottled water.

Whereas, venues including all Athletics Concessions operations, the Shorewood Golf Course, and all catering enterprises such as The Weidner Center, would be excluded from this recommendation.

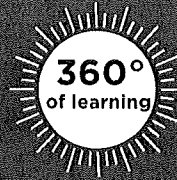

Whereas, those venue and service locations can determine on their own if they want to limit or restrict the sales of bottled water.

Whereas, UW-Green Bay has always been a leader in sustainable initiatives since its founding, and this measure will help bolster that image, and show our commitment to our EcoU status.

Therefore, be it resolved that the Student Government Association of UW-Green Bay
