The directors will head respective committees of Senate.

The Phoenix Club team can either separate from UUB and become a part of GTP or be a completely separate organization.

SUFAC does not want to be a committee of Senate.

DAC could be a committee under Senate, with a Director like the other committees.

There is a question if Senate should be set up with a certain number of seats for each academic department, by majors, also leaving at-large seats. This could help with membership, as professors could suggest involvement.

Saturday, February 4th, members will be meeting to draft a constitution. They will begin at 10am. Location is to be determined.
