Filing and Handling of Student Complaints

Purpose: Assure all dietetic students have a procedure to render complaints without retaliation

Procedure: The Dean of Students provides students with a procedure by which they are first directed to speak directly with tiers instructor but in the event that the student is not satisfied they may then direct their complaint to the chair of the department or the appropriate academic dean.

If a student feels in any way that he or she is being discriminated against, they should contact the Dean of Students directly.
