

UNIVERSITY OF  
**WISCONSIN**  
HEALTH INFORMATION  
MANAGEMENT & TECHNOLOGY

## ONLINE Health Information Management & Technology

*A 61-credit, 21-course bachelor's  
degree program with RHIA and  
CPHIMS exam prep*

The University of Wisconsin Bachelor of Science in Health Information Management and Technology (HIMT) provides the skills you need to qualify for HIM and health IT jobs in today and tomorrow's technology-focused healthcare environments.

### **In the UW HIMT program, you will:**

- Enjoy the flexibility of online courses
- Choose from two tracks of study—management or technology
- Learn from distinguished UW faculty
- Earn a respected degree from one of four UW campuses: UW-Green Bay, UW-La Crosse, UW-Parkside, or UW-Stevens Point

HIMT.WISCONSIN.EDU  
1-877-895-3276

## Who can apply?

You are eligible to apply if you have completed at least 60 credits of transferable general education coursework with a 2.0 or better GPA.

## Accreditation and partnerships

Graduates of the CAHIIM-accredited management track are eligible to sit for the RHIA certification exam. UW HIMT is also a HIMSS Approved Education Partner and HIMSS Academic Organizational Affiliate. Graduates of the technology track are eligible to sit for the CAHIMS and CPHIMS certification exams.

UW HIMT students who plan to sit for certification exams receive test prep designed by credentialed faculty during the semester-long capstone prep course.

*"I thought it would be difficult to find a health IT job in my rural area, but I was surprised by the opportunities a bachelor's degree in HIMT afforded me. I was hired as a business analyst before I even graduated!"*

—Melissa Metz, 2016 HIMT graduate
