PROGRAM GUIDELINES

For

Bachelor of Social Work (BSW)

Child Welfare Education Program

The Child Welfare Education Program (CWEP) is a partnership between the Wisconsin Department of Children and Families and the UW – Green Bay Social Work Professional Program. CWEP operates with federal funds made available through Title IV-E of the Social Security Act, which provides training stipends for BSW students who are committed to a career in public child welfare. The stipend is a monetary award, paid at the beginning of each semester (fall & spring), which is equivalent to the cost of in- state, full-time tuition and segregated fees.

The Child Welfare Education Program’s primary goal is to prepare baccalaureate- level social work students for employment in regional public and tribal agencies that provide child welfare services. Toward this end, the Program combines specialized child welfare coursework with a supervised field practicum in a public or tribal child welfare agency in NE Wisconsin. Program participation requires a commitment by the student to work in a public or tribal child welfare agency upon graduation.

Eligibility

BSW juniors who envision a career in public or tribal child welfare in the State of Wisconsin are eligible to participate.

Program requirements

Applicants must meet and / or agree to these general requirements:

- Admission to the BSW Program;
- Enrollment in child welfare emphasis courses;
- Completion of field practicum in public or tribal child welfare agency;
- Attend a CWEP Orientation, which will cover the program guidelines and expectations, as well as any other subsequent meetings scheduled by the Child Welfare Coordinator.
- Commitment to work full-time for one year (12 months) in a Wisconsin public or tribal child welfare agency upon graduation.
- Completion of employment obligation, in no more than three (3) years from the date of graduation, or provide monetary reimbursement of stipend funds.

Revised 01/17

Application

Application materials, and the program guidelines, are posted on the UWGB Social Work Program website: <http://www.uwgb.edu/social-work/bsw-program/stipends-scholarships/>
The application is completed electronically, online. The application deadline is posted on the aforementioned website.

Selection and distribution of stipend awards

The Child Welfare Coordinator will conduct an initial screening of all applications to ensure that the student's practice and employment interests are congruent with the program goals.

Applications are reviewed and approved by three members of the Child Welfare Education Program Committee, according to criteria established by the Committee. Stipend awards are issued to the most qualified applicants.

Stipends are awarded for one academic year (which consists of fall semester and spring semester of the senior year).

Student requirements

To remain an active participant in the program, students must meet these expectations:

- Maintain enrollment in the BSW program and successfully move toward completion of the BSW degree
- Be accepted for and successfully complete approved field placement
- Complete the Wisconsin Child Welfare Professional Development System online Pre-Service training in conjunction with the field placement (see below)
- Demonstrate competency in child welfare practice
- Participate and attend all CWEP meetings and activities as defined above;
- Assure that employment schedules and demands do not interfere with course and field work

WCWPDS Pre-service training

All BSW students who receive the Title IV-E Child Welfare stipend will complete the web-based Child Welfare Worker Pre-Service Training, offered by the Wisconsin Child Welfare Professional Development System (WCWPDS), within the first six (6) weeks of their field placement.

Field education

Participants must complete their senior-year field placement in a Wisconsin public or tribal child welfare agency. Approved field agencies include, but are not limited to, the following:

- Brown County Human Services Department
- Calumet County Department of Human Services
- Door County Department of Human Services
- Kewaunee County Department of Human Services
- Marathon County Department of Social Services
- Marinette County Department of Health and Human Services
- Manitowoc County Human Services Department
- Menominee County Department of Health and Human Services
- Oconto County Department of Human Services
- Oneida Tribal Social Services
- Outagamie County Department of Health and Human Services
- Shawano County Department of Human Services
- Waupaca County Department of Health and Human Services

Contracts

A current contract signed by the student and the Child Welfare Coordinator must be on file prior to disbursement of any stipend funds. Contracts are in effect until the CWEP participant's obligations are fulfilled or stipend funds are reimbursed in full. The availability of stipend funds is contingent upon continued federal and state funding.

Any additional contractual stipend or grant award requiring a post-graduation employment commitment is to be considered separate from the requirements for this program.

The Contract is considered fulfilled when one of the following conditions are met:

- Participants fulfill post-graduation employment commitment in a qualified public or tribal child welfare agency
- Participants are granted an exemption of post-graduation employment commitment
- Participants reimburse the full amount of stipend funds received

Participants will receive written notice when they have fulfilled the requirements of their contract.

Stipend payments

Stipend payments are disbursed to student accounts by the UWGB Bursar, at the beginning of fall and spring semesters.

Post-graduation employment commitment

Prior to graduation, students receive notice of the length of time they must work in a qualified Wisconsin public or tribal child welfare agency. The length of the employment commitment is calculated at one year (12 months) employment for each (academic) year which the student receives a stipend.

Qualified employment (as defined below) within the state of Wisconsin will meet this requirement.

Graduates must apply for and accept qualified employment within the 26 NE Wisconsin counties, or *may* choose a location outside of the region if approved by the Child Welfare Coordinator. A map of this region is on the last page of this document. If qualified employment is secured prior to graduation, the maximum time that can count toward the post-graduation employment commitment is thirty (30) days.

Qualified child welfare employment

The general, public and tribal child welfare roles that meet program guidelines for post-graduation employment include:

- Child protective services (investigation / assessment)
- Case management (ongoing protective services, substitute care, etc.)
- Family preservation / reunification services
- Child placement services (foster, kinship and group care)
- Independent living services
- Permanency planning
- Adoption services
- Foster home recruitment / licensing
- Youth justice (juvenile justice)

Post-graduation employment search & reporting

Current job openings post to the UWGB Child Welfare Network at <http://blog.uwgb.edu/child-welfare/>. (This is not inclusive of all employment opportunities) Graduates must document their job search activities and report these to the Child Welfare Coordinator each quarter for at least one year after graduation. Supplementary materials, such as copies of employment announcements and applications, letters documenting the outcome of employment applications, and verification of employment may be required at the discretion of the Child Welfare Coordinator.

Graduates must accept offers for qualified employment, notify the Child Welfare Coordinator, and remain employed for the equivalent of one year of full-time employment for each year of stipend funds received. Participants will agree to sign a release-of-information form authorizing the Child Welfare Coordinator to verify qualified employment.

Federal guidelines governing child welfare traineeships (SEC. 429 [42 U.S.C. 628a]) obligate the Social Work Professional Program to “track the employment record of the

recipient, for the purpose of determining the percentage of recipients who secure employment in the field of child welfare services and remain employed in the field” for a 3-year period that begins on the date the recipients complete their program of study. By signing the Contract, CWEP participants agree to provide current contact information to the Child Welfare Coordinator for three (3) years after graduation in order to fulfill this federal requirement.

Default

Non-compliance with all program requirements places participants in default, which requires them to reimburse the BSW Program the full amount of stipend funds received within 90 days of notice of default. Participants are in default when one of the following conditions exists:

- Withdrawal or discontinuation from the CWEP Program at any time.
- Basic program requirements as outlined in this document as determined by the Child Welfare Coordinator.
- Failure to graduate from the BSW Program.
- Failure to document search for qualified employment for one year after graduation.
- Failure to maintain contact with and respond to requests for information from Child Welfare Coordinator during the contract period.
- Failure to accept offers of qualified employment.
- Voluntary or involuntary termination (based upon a personnel action, not layoff) of qualified employment during the employment commitment period.
- Failure to complete employment obligations or reimburse stipend funds received after a three (3) year period from the date of graduation.

Participants will receive written notice when they are in default of their Contract. An invoice for the full amount of stipend funds received, will be issued.

Reimbursement of stipend funds

Participants who withdraw from CWEP or the BSW Program must immediately notify the Child Welfare Coordinator of the circumstances of their withdrawal and their plan for reimbursement of stipend funds. All stipend funds must be reimbursed within 90 (ninety) days of the date of withdrawal from either program.

CWEP participants who are in default of their Contract, and who do not arrange for and / or follow through with reimbursement of stipend funds, will be referred for financial collection. Participants are responsible for the balance due the UW-Green Bay in addition to any collection agency or legal fees.

Deferral / Exemption of employment and reimbursement obligation

Participants who are in their BSW Field Practicum placement and feel they are no longer suited for child welfare work, may opt to discontinue receiving stipend funds for the duration of their enrollment in the BSW Program. Participants must elect to discontinue their involvement in the Child Welfare Education Program after the first (1st) semester of their Field Practicum placement. Discontinuance will result in the requirement of reimbursement of all stipend funds awarded up to the point of discontinuance paid in full within ninety (90) days after graduation or withdrawal/discontinuation from the BSW Program. Discontinuance from the CWEP does not include nor confirm a change in the Field Practicum placement, but solely provides an end to the disbursement of stipend funds and requirements of the Participant from further CWEP requirements and reporting.

Participants who are in their BSW Program and apply and are accepted to the University of Wisconsin Green Bay Social Work Graduate Program, declare an emphasis in child welfare, and apply for the Title IVE Child Welfare Stipend at the advanced level (separate application required), may request a deferral of their employment and reimbursement obligation. Participants who are awarded the Title IVE Child Welfare Stipend in their MSW Advanced year, will adhere to the MSW CWEAP Guidelines and will be responsible for a post-graduation employment payback of two (2) consecutive years of employment in a public or tribal child welfare agency. Participants not awarded a Title IVE Child Welfare Stipend at the advanced level, but declare a child welfare emphasis, will be provided a deferral until graduation or withdrawal/discontinuation from the UWGB MSW Program.

Participants who are unable to complete their post-graduation employment commitment due to military deployment, health or family-related emergencies or conditions (including employee approved FMLA), or other extenuating circumstance may request a deferral or exemption of their post-graduation employment commitment.

Participants who document active search, as defined above, for qualified employment for a minimum of twelve (12) months after graduation, and have not secured such employment, may request a exemption (cancellation) of their post-graduation employment commitment.

In either of these situations, the participant must initiate a written request to the Child Welfare Coordinator which includes supporting documentation. The Child Welfare Coordinator may defer or exempt the recipient from their post-graduation employment commitment.
