**FIRST YEAR SEMINAR: 3 CREDITS**

This class provides an “on ramp” to the university and its interdisciplinary mission. It is a content-based class that incorporates communication skills (written and oral) as part of the learning pedagogy. While the content of these courses will vary, they must all address at an introductory level:
- Interdisciplinarity
- Communication
- Information Literacy

A first year seminar is not required for a student who transfers to UWGB with 15 or more credits, we will use three credits of other transfer Liberal Arts courses to satisfy this requirement.

**CAPSTONE EXPERIENCE: 3 CREDITS**

This could be either a classroom seminar experience or another integrative/culminating experience such as an internship/field experience/honors project that again addresses the campus’ interdisciplinary perspective and also has a problem focus. By its very nature, the experience will also have an important communication element.

The Capstone experience will be completed at UWGB.
