

Books That Bind: The Fine Art of Book Making

Hello everyone!

Besides being an Art teacher, I have been making hand-made books for about 20 years. I am really looking forward to working with all of you in the Summer Arts program at UWGB.

I don't have a supply list for you because I will be providing all of your basic materials. I have a lot of beautiful paper to use for the covers, but I have what I have-and you may not like it. So, if you want to bring along some paper that you really like you can. The sizes should not be smaller than 12" x 12". If you have special "stuff" that you want to add to your book covers, the sky is the limit! From door hinges and keys, to buttons and photos...bring it along and we'll see how it would work into your books. I'm looking forward to meeting all of you.

Kathy Hackbarth
