Chancellor's Council of Trustees / UW-Green Bay Foundation, Inc. Board of Directors

Founded in April 1998, the Council of Trustees was a 14-member community group advising the Chancellor and University and serving as a liaison between UW-Green Bay and the community-at-large.

In April 2011 the University of Wisconsin-Green Bay Foundation was created. At that time the Chancellor's Council of Trustees took on a concurrent role as the Board of Directors for the UW-Green Bay Foundation. The Council/Foundation exists to advance the mission and service of the University through the acquisition of philanthropic support essential for creating a margin of excellence for all University activities; provides counsel and advice on innovative ideas and initiatives which the University may wish to pursue and communicates institutional objectives and goals to the community at large; and provides policy advice and guidance in the development of the Foundation's fundraising program, including overseeing the development and implementation of friend raising and fundraising plans.

Currently the Council/Foundation has 25 members and five ad hoc members: UW-Green Bay chancellor, UW-Green Bay assistant chancellor for University Advancement, UW-Green Bay Founders Association board president, UW-Green Bay Alumni Association board president, and an University faculty member.
