Welcome Back! Here’s What’s New!

New Faces!
We’d like to welcome a few new people to the library!

Wendy Guerra joined the library team in late July as the Archives Assistant. She earned her BA in Public History from UW-Eau Claire and will pursue her MLIS with a concentration in Archival Studies from UW-Milwaukee next year. Prior to working at UWGB, Wendy worked at UW-Stout’s archives department. As the Archives Assistant, she helps patrons with questions that range from basic genealogy, to scholarly or corporate research, to class projects on a wide variety of topics. Whatever the topic is, Wendy can locate archival materials that will help interpret and understand the subject.

Dan Schrickel is new to the library, but no stranger to UWGB. After graduating in 2007, Dan stayed on at UW-Green Bay finding a position with Media Services for about 4 years. Following that, he worked at the Learning Technology Center in Academic Technology Services for 2½ years before joining the library staff as Library Technology Specialist in July of 2014. He assists in maintaining and troubleshooting resource discovery software, the library website, and is technical liaison to staff, vendors, and students to discover, research and implement solutions.

Bekky Vrabel is our new Instruction & Reference Librarian. She just moved back to Wisconsin after working for a year in Northern Iowa. She earned her MLIS from UW-Milwaukee in 2013 and her BA from Northland College in 2010. She’s in charge of coordinating the instruction program at the Cofrin Library including scheduling sessions and developing new, innovative ways to deliver library instruction. If you’re interested in information literacy instruction be sure to contact her! vrabelr@uwgb.edu or ext 2666

New Fair Use Checklist
Considering using a video in an online course? Want to put a textbook on reserve? Before you do you need to consider copyright. The Cofrin Library offers copyright information at [http://libguides.uwgb.edu/copyright](http://libguides.uwgb.edu/copyright) and includes details about the most frequently asked question: Fair Use. It is the responsibility of the faculty member to determine the fair use of the copyrighted material they want to use. If the material you want to use is copyright protected you either need copyright permission or be able to claim fair use. To help determine if something falls within Fair Use guidelines use the Cofrin Library’s Fair Use Checklist located at: [http://www.uwgb.edu/library/research/uwgbfairusechecklist.pdf](http://www.uwgb.edu/library/research/uwgbfairusechecklist.pdf). Further questions regarding copyright should be directed to Paula Ganyard, Library Director (ganyardp@uwgb.edu or ext 2537).
