SEXUAL ASSAULT

It is the policy of the UW-Green Bay to encourage victims of sexual assault to report the crime to the Office of Public Safety or the local police as soon as possible. All sexual assault complaints received by University Public

Safety, Police are investigated in cooperation with the local police. Any employee who witnesses a sexual assault is required to report the incident to the Dean of Students, or Public Safety. The Dean of Students compiles reports to disseminate statistical information.

PREVENTIVE MEASURES: Awareness and prevention measures are key elements in reducing the risk of assault, but no one can predict or control another person's behavior. If you are sexually assaulted, it is not your fault! Seek support and help immediately. TALK TO SOMEONE rather than trying to erase the incident from memory. This is the first step in regaining control of one's life. SEE RESOURCES OF HELP listed at the end of this report.

UW-Green Bay's efforts to promote awareness in this area includes programs and literature distributions: Chancellors Annual Security Walk, Personal Safety addresses how to reduce the likelihood of becoming a victim, to report suspicious activity or a crime, emergency and non-emergency reporting procedures, distribute informational brochures outlining services, personal safety and crime prevention information. Sexual Assault Awareness Week: offers programs and a march in an effort to raise awareness. Resident Assistants present and sponsor programs on sexual assault, and how to support the victim. Partners in Prevention is comprised of students, faculty and staff to address issues of sexual assault and harassment programming and education. It plans and coordinates Sexual Assault Awareness Week activities and programs as well as others throughout the year.

GET MEDICAL CARE: As soon as possible, the victim should get medical care. The victim will benefit from being examined for physical injury and disease, and from a discussion of options. In order to preserve physical evidence of the assault, do not bathe, shower, douche, or change clothes before the medical exam. Evidence of this type would be vital if the victim decides to pursue criminal charges.

REPORT THE INCIDENT: Several avenues are available to report the assault. A victim can file a confidential and/or anonymous report with the Dean of Students Office or the Counseling Center. This does not obligate the victim to press charges. The Dean of Students Office is available to assist a victim in contacting support agencies on or off campus, notifying proper law enforcement authorities including on university and/or local police, and discussing the various options open to the victim. You may also report the incident to University Public Safety - Police, your Resident Assistant (R.A.), Residence Life Staff, Counseling and Health Center, the Green Bay Sexual Assault Center or local police.

VICTIMS RIGHTS: Victims have the right:

- to seek criminal charge and/or file a University disciplinary complaint.
- to request protection from harm or threat of harm arising out of cooperation with law enforcement and prosecution efforts and to be provided information on the level of protection available.
- during the investigation and disciplinary process, upon the request of the victim, changes in the academic and/or living situation of those involved are possible if such changes are reasonably available.
- to be informed of financial assistance and other social services available to victims including information on how to apply for the assistance and services.
- to be informed of the outcome of any campus discipline.
- Rape victims have the right to a free medical examination to supply evidence to aid in prosecution of an assailant. (Refer to state statute Chapter 950 available from the Dean of Students Office.)
- to have the assistance of University personnel in obtaining and securing evidence; preventing contact with the assailant; and finding alternative academic and living situations.
- to have others present during a disciplinary proceeding.
