Guests: Provost Sue Hammersmith; Katrina Hrivnak, Assistant Registrar

1. The minutes of April 12, 2005 were approved with corrections.
2. Our meeting was primarily devoted to the results of Katrina Hrivnak's mock-up of the Fall 2006 timetable using the Syracuse model schedule with Tuesday-Thursday 12:30 – 1:50 timeslot designated as "University Hours." Highlights of her presentation included:
 - In the mock-up, music and theater were programmed separately as they have their own space requirements. Sue Hammersmith generously offered to work with music and theater to help with space issues.
 - Room assignments were not yet made.
 - Some of the am blocks were scheduled up in time; some were scheduled down.
 - Very few changes in class scheduling noted.
 - More openings in course times were noted especially with the three day/week courses and the lunch time block.
 - It is possible to schedule four courses in the morning.
 - There are fewer three day/week classes in the pm.
 - Human biology was not a problem to schedule.
 - We need to have a count of the number of classes that will change because of the removal of the 12:30 time slot from course scheduling.
 - A full mock-up of the Syracuse schedule and our current schedule with University Hours will be made available before the fall.
3. Sue Hammersmith announced that the Chancellor will include the Chair of Academic Staff on the Chancellor's cabinet.

4. We briefly discussed the upcoming Senate meeting where the future of the Campus Climate Committee will be discussed.

With eager anticipation of Senate affirmation,

Illene Noppe, Chair
