

MINUTES
UW-Green Bay Campus Climate Committee

Present:

Lucy Arendt

Anne Buttke

Bill Laatsch

Illene Noppe

Bob Skorczewski

Georjeanna Wilson-Doenges

August 26, 2004

2:00 pm, MAC 311

Guest: Mary Ann Rose; Phil Clampitt, Information and Computing Science

1. The minutes of August 5, 2004 were reviewed and approved.
2. Phil Clampitt was invited to this meeting to discuss the possibilities of assessing and improving communication patterns on the UW-Green Bay campus. During his presentation, the following points were covered:
 - ◆ There are different tools for assessing communication patterns within an organization.
 - ◆ Our committee (CCC) may be most useful if we were to select one of the tools mentioned and try to implement it on campus.
 - ◆ The CCC could set up a protocol for groups, such as major committees, in order to determine how they communicate within the committee and throughout the rest of the University. Sample questions could be, "To whom do you report?" "How do you communicate?" "How do you know you are effective?"
3. CCC members discussed several options improving campus communication (including using our own committee as an example of good communication) in light of Phil's presentation.
4. We set up a fall semester meeting time, which will be every other Tuesday, from 12:30 – 1:45.
5. The present meeting adjourned at 3:45.

With a heartfelt thank you to Professor Clampitt, and wishes for a wonderful semester,

Illene C. Noppe, Chair
