1. The meeting followed the format of the following agenda:

- I. Introduction*

- II. Discussion*

- 1. Campus Communication*

- ◆ *CCC deliberations to date*
- ◆ *Identification of issues*
- ◆ *Recommendations*

- 2. Course Scheduling*

- ◆ *A recommendation for action*
- ◆ *Rationale for change in scheduling*
- ◆ *Model for Implementation*

- III. Request for Administrative Backing and Support*

2. We discussed two major concerns of the Campus Climate Committee: Communication and course scheduling. Supervisor and Program chair training will become a higher priority than in the past. Other possible ways to promote campus communication is to move to an all-University Senate, give the Chair of the UC a seat on the Chancellor's cabinet, and to alter the role of the UC so its primary function is to serve as a gateway for farming out proposals and issues to relevant committees.
3. We collectively determined that one source of communication difficulties arose from the lack of a common meeting time. Thus, the

proposal for changes in course scheduling will be investigated further both by the CCC and the Chancellor and Provost. Illene will contact Syracuse University to gain further insight into their progress in change their standard course schedule, and prepare a draft of a proposal.

4. The meeting adjourned at 1:45 p.m.

Respectfully submitted,

Illene Noppe, Chair
