Compare and Contrast Knowledge of  
Vietnam War and Form Opinion

Write an essay with a clear introduction, body and conclusion on the following questions regarding your knowledge of the Vietnam War.

"One of the greatest casualties of the war in Vietnam is the Great Society ... shot down on the battlefield of Vietnam." -[Martin Luther King, Jr.](#)

To say the Vietnam War impacted people throughout the world is an understatement. In class we discussed a variety of stake holders during the Vietnam War Era. Chose one stake holder and compare and contrast what you learned about that stake holder in the Vietnam War through your classroom experience with what you learned about that stake holder in the Vietnam through our classroom presentations of oral histories. What knowledge from class was reinforced or challenged by information acquired through oral histories? How has your view on the Vietnam War been impacted due to oral histories?
