Grill 155

12/7/08

Comment: The seasoned fries are way better than the normal ones.

Response: We do not offer seasoned fries as the national brand does not allow it. Sometimes we get substitutes from our distributor, but they are not seasoned.

Comment: the young girl at grill and breakfast is too slow this is why I never come anymore, waited 30 minutes for a terrible pancake

Response: We are working with her to increase speed. She is a student and not a professional and needs to learn the job a little more to increase speed.
