EDUCATION PROGRAM LICENSURE REQUIREMENTS
Early Adolescence through Adolescence (Ages 10 to 21, Broad Field Science)

This License allows the holder to teach any Science class at the Early Adolescence-Adolescence level, up through grade 10, and any basic science class in grades 11 or 12 that is not: (a) part of the college preparatory sequence; (b) an advanced placement course; or (c) an elective course with more depth of content than a basic course. To teach in a, b, or c above, the teacher must have a major, minor or concentration (as explained below) in that subject area.

Attend an Education Information Session
A schedule is available in the Education Office

General Education Requirements
☐ UWGB General Ed requirements (minimum of 28 completed for candidacy)

Communication Skills Competency (select 1)
☐ Pass all three sections of the PRAXIS Core Academic Skills for Educators (CORE)
☐ An ACT composite score of 23 or higher, with a minimum score of 20 in English, Math and Reading
☐ An SAT composite score of 1070 or higher with a minimum score of 450 in the Math and Verbal sections

Portion of Major Requirements Completed
☐ Complete the requirements for one of the following approved majors: Biology, Chemistry or Geoscience. Consult the Undergraduate Catalog for specific major requirements.

Required Courses for Candidacy Application
☐ EDUC 206; Cultural Images in Materials for Children and Adolescents (3 cr.)
☐ EDUC 208; Phuture Phoenix (3 cr.)

Semester Following Candidacy Acceptance
☐ EDUC 280; Instructional Technology (3 cr.)
☐ EDUC 290; Intro to Educational Inquiry (5 cr.)
☐ EDUC 340; Supporting Learning & Behavior in the Classroom (3 cr.)

Additional Required Courses for Educ Minor
Supporting Courses
☐ EDUC 203; Env Educ in K-12 Schools (2 cr.)

Upper-Level Courses
☐ EDUC 314; Teaching Science in Middle & Secondary Schools (3 cr.)
☐ EDUC 351: Field Project in a School Setting (1 cr.)
☐ EDUC 361; Intro to the Art & Science of Teaching (3 cr.)
☐ EDUC 422; Reading in the Content Areas (3 cr.)
☐ EDUC 452; Principles of Middle Level Educ (3 cr.)

Additional Courses (see Educ Advisor for guidance):
☐ ENV SCI 207; Laboratory Safety (1 cr.)
☐ BIOLOGY 201 Principles of Biology I 3 credits
☐ BIOLOGY 202 Principles of Bio Lab I 1 credit
☐ BIOLOGY 203 Principles of Biology II 3 credits
☐ BIOLOGY 204 Principles of Bio Lab II 1 credit
☐ CHEM 211/213; Principles of Chemistry I w/ Lab (5 cr.)
☐ CHEM 212/214; Principles of Chemistry II w/ Lab (5 cr.)
☐ PHYSICS 103; Fundamentals of Physics I (5 cr.) AND
☐ PHYSICS 104; Fundamentals of Physics II (5 cr.)
☐ PHYSICS 201; Principles of Physics I (5 cr.) AND
☐ PHYSICS 202; Principles of Physics II (5 cr.)
☐ GEOSCI 202; Physical Geology (4 cr.)
☐ GEOSCI 203; Geologic Evolution of the Earth (3 cr.)
☐ GEOSCI 222; Ocean of Air: Weather & Climate (3 cr.)

Student Teaching Requirement (14 cr.)
☐ EDUC 405; Student Teaching, 18 weeks (12 cr.)
☐ EDUC 414; Seminar in Student Teaching (2 cr.)

Broad-Field Science Concentration
☐ A major, minor or concentration is required to teach upper level high school courses in a specific science subject area. Students wishing to expand their license to include specific subject areas must complete at least 15 credits of course work in that subject area. See education advisor for guidance.

Pre-Student Teaching Clinical Experience Requirement
☐ A min of 100 hours of clinical experience in school settings is required.

Act 31 Statutory Requirement (check one)
☐ FNS 225; Intro to Amer Indian Studies: Tribal World (3 cr.)
☐ FNS 226; Intro to American Indian Studies: American Indian Social Justice (3 cr.)
☐ FNS 374 Wisconsin Indian Ethno History (3 cr.)
☐ UW Extension course U448-699; Independent Reading in WI Native American History (1 cr. satisfies DPI requirement)
☐ Other: ____________________________________________

PRAXIS II Test Requirement
☐ Obtain a passing score on the PRAXIS II test (#5435 General Science: Content Knowledge).
☐ edTPA
☐ Complete and obtain passing scores on the edTPA. Consult with your faculty advisor.
**Broad field Science Concentration**

A major, minor or concentration is required to teach Upper-level high school courses in a specific science subject area. Students wishing to expand their general Broad Field Science license to include specific subject areas may complete a concentration which includes **at least 15 credits of course work in that subject area**. Suggested courses in addition to those listed under “Additional Courses” on the reverse side, include:
