

UW-College to UW-Green Bay Transfer Guide

BIOLOGY MAJOR

APPLICATION PROCEDURES

Applying to UWGB

Due to enrollment limits established for UW-Green Bay, students are **strongly encouraged to make early application**. Apply online at: apply.wisconsin.edu Applications for admission may be submitted beginning September 1 for the following summer or fall (August 1 for spring semester).

Applying to the Major

There is no formal application process for the Biology major and minor. Students majoring in Biology must complete an Interdisciplinary minor. See Undergraduate Catalog for more information.

Filing an academic plan for the major/minor:

All students are required to officially file the "Declaration of Degree Form" by the time 45 credits are earned. New transfer students entering UWGB with 45 or more credits (determined by number of credits awarded through credit evaluation) are required to file the plan during the first semester of enrollment at UWGB. **Contact a UWGB advisor for more information.**

FIRST YEAR SEMINAR: 3 CREDITS

This class provides an “on ramp” to the university and its interdisciplinary mission. It is a content-based class that incorporates communication skills (written and oral) as part of the learning pedagogy. While the content of these courses will vary, they must all address at an introductory level:

- Interdisciplinarity
- Communication
- Information Literacy

A first year seminar is not required for a student who transfers to UWGB with 15 or more credits, we will use three credits of other transfer Liberal Arts courses to satisfy this requirement.

CAPSTONE EXPERIENCE: 3 CREDITS

This could be either a classroom seminar experience or another integrative/culminating experience such as an internship/field experience/honors project that again addresses the campus’ interdisciplinary perspective and also has a problem focus. By its very nature, the experience will also have an important communication element.

The Capstone experience will be completed at UWGB.

Breadth Requirements (24 credits)

FINE ARTS REQUIREMENT: 3 CREDITS

Must complete a minimum of 3 credits by taking one or more courses of the following:

Learning Outcomes:

- Demonstrate technical skills and knowledge necessary to create or perform artistic functions, or understand the historical and cultural sources of an art form
- Develop historical, stylistic and cultural and aesthetic knowledge necessary to create art or performance in diverse styles within the genre of the course or demonstrate knowledge of terminology and techniques used in an art form to be conversant about such issues.
- Synthesize skills and contextual knowledge in performance/creation of artistic works and knowledge of societal influences on art, or demonstrate knowledge of art as an agent of cultural expression and societal change and to use appropriate methods to evaluate quality of an art form.
