New Freshmen Survey: 2016

Beginning in June 2016, we surveyed new freshmen registering for the Fall 2016 semester about their motivations for attending college and their reasons for selecting UWGB. A total of 769 students completed the survey, representing 98% (769 of 784) of the new freshmen enrolled for Fall 2016 who attended R&R.

Why did our students choose UWGB?

More than three-fourths (**82%- up 4% from last year**) of the respondents identified UWGB as their **first choice** of institutions to attend, and another **15** percent identified us as their second choice.

Top four reasons for choosing UWGB

- ☞ Interesting academic majors or programs
- ☞ Graduates get good jobs
- ☞ Good academic reputation
- ☞ Appearance & facilities

The first three above have been the same top three reasons cited by freshmen responding to the New Freshmen Survey over the past 14 years. Low tuition, and appearance and facilities often alternate between the fourth choices.

Graduating Senior Survey: 2015

In May 2015, August 2015, and December 2015, 1,259 students received bachelor's degrees from UWGB. We surveyed all students eligible to graduate in those terms, and received 550 completed questionnaires (44 percent). Students are sent several emails throughout each semester (for which they are graduating) and are invited to complete the survey then.

Overall, students awarded an average grade of "B" (3.3) to the university's services and resources.

If they could start over, would they return to UWGB?

Student willingness to return to an institution is one proxy measure of student satisfaction with a university's programs and services. Students graduating from UWGB appear generally satisfied with their experiences, as indicated by the following table. Importantly, fifty-three percent of these students began their college careers elsewhere.

	UWGB		Another college		No bachelor's degree
	Same major	Different major	Same major	Different major	
N = 549	67%	14%	14%	4%	1%

Students who said they would attend UWGB and pursue the same major (shaded box, above) were significantly more likely to report **positive** perceptions of their major programs at UWGB (see the previous page, "How do our students grade their majors"). A key indicator of whether a student would return to UWGB and pursue the same major was **knowledge and expertise of faculty in your major**.

How well did UWGB prepare them?

Students said they were most **proficient** with respect to:

- ☞ Problem-solving skills (High = 70%)
- ☞ Written communication skills (High = 65%)
- ☞ Critical analysis skills (High = 63%)
- ☞ Understanding causes and effects of stereotyping and racism (High = 61%)
- ☞ Computer Skills (High = 55%)

Overall, students said that their General Education coursework had **contributed** to their knowledge and skill proficiencies to a moderate (medium) degree. These are the same top five as last year as well.

If they could start over, would they return to UWGB?

Sixty-three percent would return to UWGB and complete the same major if they started college over; **22 percent** would attend UWGB but choose another major. (The same number of students reported this last year as well.) **Seven percent** would complete the same major, but at a different university; **8 percent** would complete a different major at a different university.

In fact, many have returned to UWGB already!

Alumni visited campus for the following reasons. *Note:* The total may exceed 100% because respondents could select more than one option.
