

REVOKING A POWER OF ATTORNEY FOR HEALTH CARE

01/2011, reviewed & updated 12/2014

Wisconsin law permits a Power of Attorney for Health Care (POA-HC) document to be revoked by the principal at any time.

A POA-HC can be revoked by the principal by:

- Burning, writing “void” on each page or otherwise destroying it.
- Directing another person to destroy it in the presence of the principal.
- Signing a document expressing the principal’s intent to revoke the document.
- Verbally expressing the principal’s intent to revoke the power of attorney for health care in the presence of two witnesses.
- Executing a new POA-HC.

Reasons to revoke a POA-HC include:

- The principal changes his or her mind about any special instructions included in the POA-HC.
- The principal wants to change who is named as agent or alternate agent.
- The person named as the agent moves, becomes incapacitated or passes away and there is no alternate agent named.
- The agent and alternate agent do not want to perform these duties.
- The principal is dissatisfied with the decisions that the agent is making.

The Wisconsin Guardianship Support Center interprets the law governing Powers of Attorney for Health Care to permit the principal to revoke his or her POA-HC at any time prior to incapacity or during incapacity. In other words, a principal may revoke his or her document even if the document has been activated.

A preferred way to revoke a POA-HC is to sign a written document revoking the POA-HC. Two sample revocation documents are attached. Use Sample 1 to revoke a document that only covers health care powers. Use Sample 2 to revoke the appropriate portions of a document that combines health care and financial powers. The principal must sign and date the appropriate revocation document but does not need to have it witnessed. The principal should provide a copy of the completed revocation form to the agent, alternate agent, medical providers, medical facilities and other interested persons.

If the principal wishes to name another person to make health care decisions, he or she must

execute a new POA-HC.
