

# UW-Green Bay Lifelong Learning Institute Inclement Weather Cancellations

## When are classes cancelled due to bad weather?

Lifelong Learning Institute follows the Green Bay Area Public School District, Manitowoc Public School District and the Sheboygan Public School District for class cancellations. If the public school district of Green Bay, Manitowoc or Sheboygan classes are cancelled due to bad weather, LLI classes are also cancelled for that particular campus community.

If the Public School District has a 2-hour delay, then LLI classes that begin at 10 a.m. or later are held as scheduled.

## How do I know if classes are cancelled?

Watch the scrolling cancellations at the bottom of your television screen on the following TV stations:

WBAY ABC	Channel 2
WFRV CBS	Channel 5
WLUK FOX	Channel 11
WGBA NBC	Channel 26

When the notification 'Green Bay (or Manitowoc or Sheboygan) Public Schools - classes cancelled' is displayed, then LLI classes are also cancelled for that community. The following will eventually display:

UW-Green Bay - Lifelong Learning Institute Green Bay campus - classes cancelled  
UW-Green Bay - Lifelong Learning Institute Manitowoc campus - classes cancelled  
UW-Green Bay - Lifelong Learning Institute Sheboygan campus - classes cancelled

Be sure to watch for the Public School cancellation in the community in which your class(s) are held that day. Classes may be cancelled in the Manitowoc area and still be held in the Green Bay and/or Sheboygan area for example.

We will also post cancellations on Facebook and make every attempt to change the LLI voicemail with an updated message if there are class cancellations due to weather.
