# WELCOME TO ALOFT HOTELS

## Different. By Design.

Aloft Hotels launched in 2008 and redefined the category. We created an affordable alternative for the tech-savvy, design authority crowd, with unique style and a real social scene. From our attitude to our atmosphere, we are open, expressive and always moving forward.

Bold, eclectic design, open & vibrant social spaces amplified with emerging artist performances, and a passion for the latest technology set Aloft Hotels apart.

We are the next generation of hotel, using music, design and technology to enhance experiences and move at the pace of our guests.

This is where travel breaks the mold. Are you ready?

## ALOFT GREEN BAY

Appealing to on the go and in-the-know travelers, the **Aloft** rooms are equally carefree and bold. Nine-foot ceilings and extra-large windows create a bright, airy environment full of natural light. You will face the windows—not the walls—as you drift to sleep in our ultra-comfortable platform bed topped with plush bedding. Choose a king room for one big bed, or grab a little more breathing room in the double rooms with two queen beds.

Business or pleasure, work or play, each loft-like space keeps you connected. Your always-available in-room “office” includes an ergonomic workspace, plus free wired and wireless High Speed Internet Access. You have your own entertainment center thanks to plug & play, our one-stop connectivity station. Leave your chargers at home: it juices up all your electronics—laptop, cell phone, MP3 player, and more—and connects them to a wall-mounted 42” flat-screen TV. A flip of the switch gives you high-def. screening of your favorite flicks.
