

THRIVE Planning Model

For Successful Nonprofit Planning and Execution

Notes:

TH Thoughtfully align with organizational goals

Notes:

R Review & Reflect – Current state, Data, Stakeholder input

Notes:

I Identify Organizational Priorities

Notes:

V Verify Strategies with Key Stakeholders, Board, Staff

Notes:

E Execute – Engage Staff, Board Members, Volunteers

Establish iron clad reporting process – Adjust – Celebrate

Exercise — take your time to answer the following questions. *Be specific.*

TH Thoughtfully align with organizational goals

What are your current org goals or strategies that need to be realigned?

What reports can you assess? What needs to be done to prepare?

Where do you see the organization heading?

Schedule your time out of the office – when can you make this happen?

Date:

Time:

Location:

R Review & Reflect – Current state, Data, Stakeholder input

What data do you have to review and reflect upon? What story might it tell?

What data might you need to collect?

Who are your current stakeholders you will invite? (Staff, board, key partners, etc.)

How might you collect the anonymous input? What method (in person open forum, survey tool, email replies, etc.)? (ps. keep it simple!)

I Identify Organizational Priorities

What are your top priorities you see right now?

What have you been wanting to do and haven't had the time to do?

If budget weren't an issue, what would you accomplish? How will that impact your mission.
