UWGB: Common Grounds Coffee House

Time: 4:05 pm

Absent: Beckwith, Daniel James; Mroczynski, Megan Joan

Updates:

- Campus garden
 - Molly met with Paul Pinkston (facility manager, campus planner) to get his thoughts/input on the campus garden. A more official, detailed proposal is needed. Molly has an informal proposal almost complete and will be filling in the details with Larry Smith next week.
 - Molly hopes to present the formal proposal, with a budget, to the Env Affairs Committee on Friday, April 10th
 - Thoughts on garden location
 - All preferred hill location because of its higher visibility from the coffee house and the area receives more sun than the other
- No news on Sustainability Committee
 - Kelly is going talk to Regan about the status of the committee
 - Nick is going to research funding alternatives for Sustainability Chair/Coordinator
