VII. Discussion Items:
a. AMF:
AMF is asking for funding for an event on campus. We’re asking for food that’ll feed up to 75 people, but we’re expecting about 100. It is an outside event, so the weather may change that number of attendance. It is for everyone, students, alum, staff, and professors.

Questions: Jess asked about the number of 50 people in membership but why they’re expecting 100. The organization explained that this is the second time for this event, and therefore there will be more recognition throughout the campus. Jess asked if people would be paying to attend event? No, the organization wanted this to be more of a memorial event. Donations will be expected, however. Jess asked what the organization plans on doing with the money if there are donations? The advisor said that all donations would be put into an account that’s on campus to further more planting in the future. Andy asked where the garden is. The garden is right by the Phoenix patio area. Julia asked where the food will be held if the event is outside? The organization does have a room reserved in case of the rain, but the organization does hope to have some food outside. Chelsea asked if there was food at last year’s event? No, there was not. Coby asked how the turnout was last year. Last year there
was about 50 people coming and going but hoping more because did more for advertising and having more people speak, like the Dean of Students. Matt asked if the organization would like this to be an immediate action item. Yes. The organization asked if partial funding is available. Yes, the board can fund the event partially if they decide to do so.

Matt motioned to make this an immediate action item. Julia seconded. Coby called the question. Jessica Shimon acclimated. AMF is action item A.

b. Tribeta:
We are doing a fundraiser and making t-shirts for a club. We’re asking funded back to SUFAC. The organization will break even after this event.

Questions: Chelsea asked if the organization has t-shirts already. No, but they are in the process of ordering.
