Introduction

The **Phoenix Green Teacher Badge** program is overseen by the UWGB Sustainability Committee and is administered by the UWGB Office of Sustainability, with assistance from the UWGB Center for the Advancement of Teaching & Learning (CATL).

The program recognizes UWGB instructors who promote environmental sustainability through their teaching and seek to minimize negative environmental impacts associated with teaching. Instructors who successfully apply for the badge will receive a dated digital badge that they can display on syllabi, Canvas, webpages, etc. Badge recipients will also be displayed on the UWGB Sustainability webpage.

This survey will evaluate your green teaching behaviors in several areas. In addition to assessing the extent to which you follow best practices and promote sustainability, the survey awards points for “bonus” activities that you identify yourself. There are several categories of questions and four bonus options. Feel free to use the "back" button to move around in the survey to add your bonus activities in the most appropriate place.

At the end of the survey, you will receive a score that the Office of Sustainability will use to determine whether you qualify for a Phoenix Green Teacher Badge at the level of Bronze, Silver, or Gold. If applicable, the Office of Sustainability will send you a digital badge via email.
Note: If the statement or question does not apply to your mode of instruction, etc., please choose the “n/a” (not applicable) response, so that you will not be penalized in the overall scoring of that question or statement.

Tell us about yourself and your course

Please provide the following information for our record-keeping.

First Name: \${e://Field/FirstName}

Last Name: \${e://Field/LastName}

Email: \${e://Field/Email}

Academic programs in which you teach:

Over the upcoming academic year, how many of the following courses do you plan to teach?

0 1 2 3 4 5 6 7 8 9 10

In Person

Hybrid or Blended

Fully Online (or other distance learning)

Please list up to five courses that you plan to teach in the upcoming academic year, providing the course number, title, modality, and anticipated enrollment.
### Paper reduction practices

#### Paper & Printing Reduction Practices

How do you distribute course syllabi?

- I distribute paper syllabi printed single sided.
- I distribute paper syllabi printed double sided.
- I usually distribute syllabi electronically (e.g., via Canvas, email, or OneDrive).
- I always distribute syllabi electronically (e.g., via Canvas, email, or OneDrive).

How do you distribute course handouts?

- I distribute paper handouts printed single sided.
- I distribute paper handouts printed double sided.
- I usually distribute handouts on scrap paper or electronically (e.g., via Canvas, email, or OneDrive).
- I always distribute handouts on scrap paper or electronically (e.g., via Canvas, email, or OneDrive).
- Not Applicable

How do you collect written work from students?

- I require students to submit assignments on paper, printed single sided.
- I require students to submit assignments on paper, printed double sided.
- I usually require students to submit assignments electronically.
- I always require students to submit assignments electronically.
- Not Applicable
Syllabi, Assignments, & Testing

When printing your syllabus and handouts, you print double-sided.

When printing your syllabus and handouts, you print double-sided.

If allowing students to hand in hard-copies of their work, require double-sided printing, and allow single spacing and reduced margins.

Class syllabus and handouts made available to students digitally (email, Canvas, Onedrive, etc.).

If assigning student poster presentations, allow students to project these onto the wall.

Students submit their assignments and papers digitally, and you return them digitally.
If giving quizzes and tests, you give them online.

If you're giving in-class exams, you have your students type their exams in a computer lab.

OPTIONAL Bonus: Tell us about other measures you've taken or implemented in your class to make it "greener" by reducing paper usage and printing.

How regularly do you engage in the bonus measures you described just above (if applicable)?

- Sometimes
- Usually
- Always
### Required Course Materials

</table>
public transportation to come to class.

You encourage students to bike, walk, or take public transportation to off-campus meetings.

You turn off the lights if the room has enough daylight.

You turn off any electronic classroom equipment that you are not using.

Instead of holding out-of-class review sessions on campus, you use online meeting software or other methods that don't require traveling to campus.

You schedule office hours before or after class to reduce commutes to campus.

You make use of online meeting software for appointments on days when you do not usually come to
OPTIONAL Bonus: Tell us about other personal sustainability actions connected with your work as a teacher.

How regularly do you engage in the bonus measures you described just above (if applicable)?
