

INTRODUCTION for Dr. Gary L. Miller

It is my honor to introduce Dr. Gary Miller who serves as the sixth Chancellor of the University of Wisconsin – Green Bay.

Chancellor Miller is passionate about ensuring students in Northeast Wisconsin have access to higher education and that employers in the region have the talent they need to be successful. He talks often about the transformative power of a college education and knows first-hand that work beyond high school opens many doors.

Chancellor Miller came to Green Bay from the chancellorship at the University of North Carolina-Wilmington. He was previously Provost and Vice President for Academic Affairs and Research at Wichita State University and Dean of the College of Arts and Sciences at the University of the Pacific. He holds a Ph.D. in Biological Sciences from Mississippi State University and Master's and Bachelor's Degrees in Biology from the College of William and Mary.

Please join me in welcoming Dr. Gary L. Miller.
