About your trainer:

Lisa Anderson has been in the Human Services field for over twenty-five years with an eclectic professional work experience within different systems. She has worked in public, non-profit, medical and private practice sectors. Lisa weaves her knowledge of systems into her presentations to break down silos and develop team building between systems.

Lisa started her career in the Medical field, first as a Discharge Planner and then as a social worker in a federally funded clinic. Lisa then moved into the position of Director for the Sexual Assault Recovery Program in Rock County and developed and ran the CASA Program in Rock County at Family Services-SWANI. During this time Lisa was a Treatment Level Foster Parent for 10 years but this ended when Lisa switched paths again and started at Wood County as a Specialized Foster Parent Social Worker and then became the Supervisor for the Wood County Children’s Specialized Unit which included, Comprehensive Community Services Program and Long-Term Care. Lisa transitioned to the Fox Valley, where she was hired as the Outagamie County Crisis Supervisor for the Mental Health Division for 9 years. She also provided outpatient services at Psychology Associates of the Fox Cities.

Currently, Lisa is the owner of L.K. Anderson Consulting, LLC and A Healing Place, Complete Counseling Care. Lisa provides technical consultation to agencies, such as clinical supervision, team building and Trauma Informed Care. Additionally, Lisa has presented to a variety of audiences on topics, such as, Trauma Informed Care, Trauma Informed Parenting, Ethics and Boundaries; Hoarding, Suicide Prevention, Crisis Planning; Building Resiliency; Secondary Trauma/Stress, Self-Care and Team/Relationship Building. In her private practice, Lisa provides specialize trauma therapy to children, teens and adults. She is a Licensed Professional Counselor and Certified Social Worker. She received her Master of Science and Bachelor of Arts degrees at UW-Whitewater.

Lisa is passionate about training and is an energetic and interactive trainer who uses humor and storytelling to engage and entertain the audience while they are learning.

HOARDING 101: WHAT IS HORDING AND HOW TO HELP

Hoarding disorder is now recognized as a mental health issue, not simply a lifestyle choice. Unfortunately, hoarding disorder is difficult to treat. Well-meaning family members, municipalities, the legal system, and healthcare professionals struggle to address the challenges presented by people who hoard. This training will teach caregivers and professionals the basics of Hoarding Disorder and provide tools to assist the professional to help the person who hoards in a person-centered manner.

Objectives:

- Hoarding Defined
- Why people hoard
- Types of hoarders
- How to minimize anxiety and make progress
- Most common mistakes
- Aftercare success
