## Behavior Sensitivity Training for Individuals with Autism

April 8, 2022, 8:30am -10:30am

Virtual Learning via Blackboard Collaborate Ultra

*2.0 Continuing Education Hours*

**Trainer:** Nicole Elish, BCBA

### Course Description:

How to manage the behavioral needs of children, adolescents and adults on the spectrum through applied behavior analysis using proactive therapeutic techniques.

### About your Trainer:

Nicole Elish has been in the field of Applied Behavior Analysis since 2014. She graduated from Ball State University with a Master's degree in Applied Behavior Analysis. She is currently in the last year of my Doctoral program at Capella University and completing my dissertation on productivity in the work place for adolescents and adults using reinforcement techniques delivered through technology-based systems. I have worked at Sonnenberg Consultants since 2015 and a BCBA with them since 2017. Nicole is the clinical director of the after school, life skills, and adult programs and consult with Sonnenberg Schools to provide behavioral guidance wherever needed.

Nicole has been a safety care trainer for the company since 2019 and help to train our parents and technicians to implement crisis reduction techniques that limit the increase of severe maladaptive behaviors.
