Dear Professor Staudinger,

I hope that your fall semester is starting off as smoothly as possible given everything going on.

I work with Public Citizen, a national nonpartisan organization that is working to ensure that our elections are secure and accessible this November. I am also a Wisconsin native and a UW-Madison alum.

We are currently offering internship opportunities for college students interested in making sure U.S. elections are as safe, accessible and secure as possible. The internships are selective, and students in these positions will be a part of serious work to protect our democracy while also learning professional advocacy and communication skills in weekly trainings with staff.

Our internship positions are all remote this fall, and we are happy to help any student who wants to get school credit.

Would you consider sharing this [internship description](#) with students who might be interested?

Applications will be reviewed on a rolling basis, students are encouraged to apply as soon as possible to be a competitive applicant. *Those who are interested should send a resume and cover letter to Ilana Beller at ibeller@citizen.org.*

Thank you so much,

Best,
