Release/Disclaimer: By my participation in an event conducted by an Affiliate, Region, or other gathering related to the Destination Imagination program, the participant or participant’s parents or participant’s guardian understands and hereby voluntarily agrees to release, waive, forever discharge, hold harmless, defend, and indemnify Destination Imagination, Inc. and its agents, officers, boards, volunteers, and employees from any and all liability and all claims, actions, or losses for bodily injury, property damage, wrongful death, loss of services, or otherwise which may arise out of the participant’s participation in activities related to the Destination Imagination event, including travel to and from the event.
Welcome from the Chancellor.

On behalf of the University of Wisconsin-Green Bay, it is my pleasure to welcome you to our campus for the Destination Imagination Wisconsin State Tournament. We are excited to partner with you and hope to provide competitors and guests with an experience that is memorable and meaningful for you.

The skills you learned from preparing for and competing in this competition will equip you to be the leaders of tomorrow. Your presence here demonstrates you are the change-makers who will continue to change communities for the better. Imagination and curiosity are two of the most essential skills in the 21st Century to navigate the tremendous amount of change happening in the world.

The University of Wisconsin-Green Bay is a university on the rise! Our enrollment was up 9% this year, we recently established Northeast Wisconsin’s first and only school of engineering, and we are opening the new Willie Davis Financial and Investment Training Lab and Center for Personal Finance this year. We also have growing programs in Nursing, Freshwater Science, Psychology and other high demand areas. If you are considering higher education, I encourage you to research more about UW-Green Bay. We would love to have you as part of our Phoenix Family!

I know that you will enjoy your time on our campus and in the Green Bay community. Good luck in your competition!

Go Phoenix!

Michael Alexander

New to DI? Welcome!
We’re glad you’re here! There’s no better way to understand the Destination Imagination Challenge Experience than to see it in action. To get the most out of your day, here’s what we suggest:

• Attend at least one Presentation in every Team Challenge. Each Team Challenge is unique and has open-ended requirements, allowing teams to create totally different solutions from one another. Read through the Points of Interest so you know what you can expect to see. Each Presentation is around eight minutes in length.

• Wish the teams luck in their Instant Challenge. All of our teams participate in an Instant Challenge as part of their tournament experience, during which they use quick, creative and critical thinking, and teamwork to come up with a solution in a short amount of time. Spectators are not allowed in these presentations as the Instant Challenges themselves are highly confidential.

• Look at the props, costumes, sets, technical devices and more that the teams have created—but please don’t touch! Remember that everything you see was crafted by the team members with no adult Interference.

• Talk to teams, parents and volunteers about their experience with this season of Destination Imagination. Tell them you’re considering starting a team, and ask them to share their favorite thing about DI—you’ll be amazed by the different answers you hear.

• Have fun, be inspired, and imagine the possibilities!
