### Required Attachments and Supplemental Information

Please complete the contents of each tab to submit your MS4 permit compliance document. The information included in this checklist is necessary for a complete submittal. A complete and detailed submittal will help us review about your MS4 permit document. To help us make a decision in the shortest amount of time possible, the following information must be submitted:

#### Annual Report

- Review related web site and instructions for Municipal storm water permit eReporting [Exit Form]
- Complete all required fields on the annual report form and upload required attachments
- Attach the following items as appropriate using the attachments tab above
  - a. Construction Site Pollution Control Annual Report Summary
  - b. Illicit Discharge Detection and Elimination Annual Report Summary
  - c. Leaf and Yard Waste Management
  - d. Municipal Cooperation Attachment
  - e. Municipal Facility Inspections
  - f. Pollution Prevention Annual Report Summary
  - g. Post-Construction Storm Water Management Annual Report Summary
  - h. Public Education and Outreach Annual Report Summary
  - i. Public Involvement and Participation Annual Report Summary
  - j. Storm Water Consortium/Group Report
  - k. Storm Sewer System Map Annual Report Attachment
  - l. Storm Water Quality Management Annual Report Attachment
  - m. TMDL Attachment
  - n. Winter Road Maintenance
  - o. Other Annual Report Attachment
- Sign and Submit form
Municipal Contact Information - Complete

Notice: Pursuant to s. NR 216.07(8), Wis. Adm. Code, an owner or operator of a Municipal Separate Storm Sewer System (MS4) is required to submit an annual report to the Department of Natural Resources (Department) by March 31 of each year to report on activities for the previous calendar year (“reporting year”). This form is being provided by the Department for the user’s convenience for reporting on activities undertaken in each reporting year of the permit term. Personal information collected will be used for administrative purposes and may be provided to the extent required by Wisconsin’s Open Records Law [ss. 19.31-19.39, Wis. Stats.].

Note: Compliance items must be submitted using the Attachments tab.

**b. Brief Public Education and Outreach program information for inclusion in the Annual Report.** If your response exceeds the 200 character limit, attach supplemental information on the attachments page.

We maintain a website for general information. We have printed materials that can be picked up by people on campus. These materials are not watershed specific, thus can be referenced by an agency, government body, or grassroots organization.

**Missing Information**
Maximum length is 200 characters,

---

**Do not close your work until you SAVE.**

**Note:** For the minimum control measures, you must fill out all questions in sections 1 through 7
Annual training of stormwater topics is presented to our Grounds and Golf Course personnel on the use of pesticides and herbicides near water sources. Identification of proper materials management of salting roads and walks, as well as, how grass mowing can affect drainage of the area. Our Public Safety officers are shown what to look for when encountering an illicit discharge event and subsequent mitigation of the illicit discharge. Annual Spill Prevention Control and Countermeasures on-line training is held every year for several university departments.

These elements do not apply to our report.

**Water Quality**

**a**: Were there any known water quality improvements in the receiving waters to which the municipality’s storm sewer system directly discharges to?

- Yes  
- No  
- Unsure  
  If Yes, explain below:

**b**: Were there any known water quality degradation in the receiving waters to which the municipality’s storm sewer system directly discharges to?

- Yes  
- No  
- Unsure  
  If Yes, explain below:

**c**: Have any of the receiving waters that the municipality discharges to been added to the impaired waters list during the reporting year?

- Yes  
- No  
- Unsure

**d**: Has the municipality evaluated their storm water practices to reduce the pollutants of concern?

- Yes  
- No  
- Unsure

**Additional Information**

Based on the municipality’s storm water program evaluation, describe any proposed changes to the municipality’s storm water program. If your response exceeds the 200 character limit, attach supplemental information on the attachments page.

We have recently completed the update to our MS4 Permit. We will need to address the new TSS and TMDL limits during future construction projects.
Requests for Assistance on Understanding Permit Programs

Would the municipality like the Department to contact them about providing more information on understanding any of the Municipal Separate Storm Sewer Permit programs?
