Is this submittal also satisfying an Urban Nonpoint Source Grant funded deliverable?  ☐ Yes ☑️ No

Required Attachments and Supplemental Information

Please complete the contents of each tab to submit your MS4 permit compliance document. The information included in this checklist is necessary for a complete submittal. A complete and detailed submittal will help us review about your MS4 permit document. To help us make a decision in the shortest amount of time possible, the following information must be submitted:

Annual Report

- Review related web site and instructions for Municipal storm water permit eReporting [Exit Form]
- Complete all required fields on the annual report form and upload required attachments
- Attach the following other supporting documents as appropriate using the attachments tab above
  - Public Education and Outreach Annual Report Summary
  - Public Involvement and Participation Annual Report Summary
  - Illicit Discharge Detection and Elimination Annual Report Summary
  - Construction Site Pollution Control Annual Report Summary
  - Post-Construction Storm Water Management Annual Report Summary
  - Pollution Prevention Annual Report Summary
    - Leaf and Yard Waste Management
    - Municipal Facility (BMP) Inspection Report
    - Municipal Property SWPPP
    - Municipally Property Inspection Report
    - Winter Road Maintenance
  - Storm Sewer Map Annual Report Attachment
  - Storm Water Quality Management Annual Report Attachment
  - TMDL Attachment
  - Storm Water Consortium/Group Report
• Municipal Cooperation Attachment
• Other Annual Report Attachment

• Attach the following permit compliance documents as appropriate using the attachments tab above

• Storm Water Management Program (*S050075-03 general permittees shall have a written storm water management program that describes in detail how the permittee intends to comply with the permit requirements for each minimum control measure. Updated programs are due to the department by March 31, 2021.*)
  • Public Education and Outreach Program
  • Public Involvement and Participation Program
  • Illicit Discharge Detection and Elimination Program
  • Construction Site Pollutant Control Program
  • Post-Construction Storm Water Management Program
  • Pollution Prevention Program
    • Municipal Storm Water Management Facility (BMP) Inventory (*S050075-03 general permittees 2.6.1 - inventory due to the department by March 31, 2021.*)
    • Municipal Storm Water Management Facility (BMP) Inspection and Maintenance Plan (*S050075-03 general permittees 2.6.2 – document due to the department by March 31, 2021.*)

• Sign and Submit form
**Municipal Contact Information - Complete**

**Notice:** Pursuant to s. NR 216.07(8), Wis. Adm. Code, an owner or operator of a Municipal Separate Storm Sewer System (MS4) is required to submit an annual report to the Department of Natural Resources (Department) by March 31 of each year to report on activities for the previous calendar year (“reporting year”). This form is being provided by the Department for the user’s convenience for reporting on activities undertaken in each reporting year of the permit term. Personal information collected will be used for administrative purposes and may be provided to the extent required by Wisconsin’s Open Records Law [ss. 19.31-19.39, Wis. Stats.].

**Note:** Compliance items must be submitted using the Attachments tab.

### Municipality Information

N/A

b. Brief Public Involvement and Participation program information for inclusion in the Annual Report. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.

Students from Wequiock Elementary School visit the Mahon Creek watershed located on campus to learn about stormwater and impacts on the existing watershed. UWGB staff & students pick up litter in ditches.

Minimum Control Measures - Section 3: Complete

3. Illicit Discharge Detection and Elimination

a. How many total outfalls does the municipality have? 4

b. How many outfalls did the municipality evaluate as part of their routine ongoing field screening program? 4

c. From the municipality's routine screening, how many were confirmed illicit discharges? 0

d. How many illicit discharge complaints did the municipality receive? 0

e. From the complaint received, how many were confirmed illicit discharges? 0

f. How many of the identified illicit discharges did the municipality eliminate in the reporting year? 0

(If the sum of 3.c. and 3.e. does not equal 3.f., please explain below.)

g. How many of the following enforcement mechanisms did the municipality use to enforce its illicit discharge ordinance? Check all that apply and enter the number of each used in the reporting year.

- Verbal Warning 0
- Written Warning (including email) 0
- Notice of Violation 0
- Civil Penalty/ Citation 0

Additional Information:

h. Brief Illicit Discharge Detection and Elimination program information for inclusion in the Annual Report. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.
Chapter 18 of the University of Wisconsin System Administrative Code defines parameters for illicit discharge situations.

**Minimum Control Measures - Section 4: Complete**

4. **Construction Site Pollutant Control**

   a. How many total construction sites were active at any point in the reporting year?  
      2  □ Unsure

   b. How many construction sites did the municipality issue permits for in the reporting year?  
      2  □ Unsure

   c. Do the above numbers include sites <1 acre?  
      ○ Yes  ○ No  ○ Unsure

   d. How many erosion control inspections did the municipality complete in the reporting year?  
      3  □ Unsure

   e. What types of enforcement actions does the municipality have available to compel compliance with the regulatory mechanism? Check all that apply and enter the number of each used in the reporting year.  
      □ No Authority  
      □ Verbal Warning  
      □ Written Warning (including email)  
        0
      □ Notice of Violation
      □ Civil Penalty/ Citation
      □ Stop Work Order
      □ Forfeiture of Deposit
      □ Other - Describe below

   f. Brief Construction Site Pollutant Control program information for inclusion in the Annual Report. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.

        UW-Green Bay complies with Department of Administration's Division of Facilities Development and Management master specification within Chapter 31. Worked with Brown County during STEM construction.

**Minimum Control Measures - Section 5: Complete**

5. **Post-Construction Storm Water Management**

   a. How many sites with new structural storm water management facilities* have received local approval?  
      2  □ Unsure

   *Engineered and constructed systems that are designed to provide storm water quality control such as wet detention ponds, constructed wetlands, infiltration
b. How many privately owned storm water management facilities were inspected in the reporting year?  
Inspections completed by private land owners should be included in the reported number.  
1 □ Unsure

---

c. What types of enforcement actions does the municipality have available to compel compliance with the regulatory mechanism?  
Check all that apply and enter the number of each used in the reporting year.  
☐ No Authority
☑ Verbal Warning 0
☑ Written Warning (including email) 0
☐ Notice of Violation
☐ Civil Penalty/ Citation
☐ Forfeiture of Deposit
☐ Complete Maintenance
☐ Bill Responsible Party
☐ Other - Describe below

---

d. Brief Post-Construction Storm Water Management program information for inclusion in the Annual Report. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.

UW-Green Bay complies with the Department of Administration's Division of Facilities Development and Management specifications. Brown County STEM building completed October 2019.

---

Minimum Control Measures - Section 6: Complete

6. Pollution Prevention

Storm Water Management Facility Inspections (ponds, biofilters, etc.) □ Not Applicable

a. Enter the total number of municipally owned or operated structural storm water management facilities?  
5 □ Unsure

b. How many new municipally owned storm water management facilities were installed in the reporting year?  
1 □ Unsure

c. How many municipally owned storm water management facilities were inspected in the reporting year?  
4 □ Unsure

d. What elements are looked at during inspections (250 character limit)?  
inlet and outlet structure, berm structure, debris in the pond, erosion, depth, obstructions, quality of water and flow characteristics
<table>

y. Was salt applying machinery calibrated in the reporting year?
Yes  No  Unsure

z. Have municipal personnel attended salt reduction strategy training in the reporting year?

If yes, describe what training was provided (250 character limit):
Fox-Wolf Watershed Alliance provided Winter road and parking lot maintenance training. All attendees licensed to apply winter maintenance materials in the State of MN.

When: October 2019  How many attended: 7

Internal (Staff) Education & Communication

aa. Has training or education been held for municipal or other personnel involved in implementing each of the pollution prevention program elements?

If yes, describe what training was provided (250 character limit):
Winter maintenance material training given to internal staff to reduce the amount of chloride.

When: 11/21/19, 12/6/19  How many attended: 34

ab. Describe how the municipality has kept the following local officials and municipal staff aware of the municipal storm water discharge permit programs and its requirements.
Elected Officials
N/A

Municipal Officials
Appropriate Staff (such as operators, Department heads, and those that interact with public)
Annual training such as participating in related workshops in the area.

ac. Brief Pollution Prevention program information for inclusion in the Annual Report. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.
Annual training of stormwater topics is presented to our Grounds and Golf Course personnel on the use of pesticides and herbicides near water sources.

7. Storm Sewer System Map

a. Did the municipality update their storm sewer map this year?  ☑ Yes  ☐ No  ☐ Unsure
   If yes, check the areas the map items that got updated or changed:
   ☐ Storm water treatment facilities
   ☑ Storm pipes
   ☑ Vegetated swales
   ☐ Outfalls
   ☑ Other - Describe below
   New wet detention pond with STEM building

b. Brief Storm Sewer System Map information for inclusion in the Annual Report. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.
Complete the fiscal analysis table provided below. For municipalities that do not break out funding into permit program elements, please enter the monetary amount to your best estimate of what funding may be going towards these programs.

Water Quality

a: Were there any known water quality improvements in the receiving waters to which the municipality’s storm sewer system directly discharges to?
- Yes
- No
- Unsure
  If Yes, explain below:

b: Were there any known water quality degradation in the receiving waters to which the municipality’s storm sewer system directly discharges to?
- Yes
- No
- Unsure
  If Yes, explain below:

c: Have any of the receiving waters that the municipality discharges to been added to the impaired waters list during the reporting year?
- Yes
- No
- Unsure

d: Has the municipality evaluated their storm water practices to reduce the pollutants of concern?
- Yes
- No
- Unsure

Total Maximum Daily Loads (TMDLs)

The permittee University of Wisconsin Green Bay is subject to the following approved TMDLs: Lower Fox River Basin and Lower Green Bay

Select one option below. The permittee intends to comply with the following permit requirement to show progress towards meeting the (Appendix A) TMDL:

- Request department concurrence that they are currently meeting the TMDL pollutant reductions in all applicable reachsheds (A.2).
- Demonstrate that they will meet the TMDL pollutant reductions in all applicable reachsheds by October 31, 2023 (A.4).
- Follow the TMDL Compliance Plan which received Department concurrence prior to April 30, 2019 (A.3.1).
- Participate in an approved Adaptive Management Project (A.3.2).

☑ Submit a TMDL Implementation Plan describing planned progress over current permit term by October 31, 2021 (A.5). Do you intend to select A.5.2 or A.5.3 to meet this permit requirement?
  ☑ A.5.2 – Additional 20% Total Suspended Solids (TSS), 10% Total Phosphorus (TP) reduction from current ch. NR 151, Wis. Adm. Code, standards
  □ A.5.3 – Optimize measures

Additional Information

Based on the municipality’s storm water program evaluation, describe any proposed changes to the municipality’s storm water program. If your response exceeds the 250 character limit, attach supplemental information on the attachments page.

We will be working on addressing TMDL and TP levels through the biennial budget process.
Requests for Assistance on Understanding Permit Programs

Would the municipality like the Department to contact them about providing more information on understanding any of the Municipal Separate Storm Sewer Permit programs?

Please select all that apply:

☐ Public Education and Outreach

☐ Public Involvement and Participation

☐ Illicit Discharge Detection and Elimination

☐ Construction Site Pollutant Control

☐ Post-Construction Storm Water Management

☐ Pollution Prevention

☐ Storm Water Quality Management

☐ Storm Sewer System Map

☐ Water Quality Concerns

☐ Compliance Schedule Items Due

☐ MS4 Program Evaluation

Steps to Complete the signature process

1. Read and Accept the Terms and Conditions
2. Press the Submit and Send to the DNR button

NOTE: For security purposes all email correspondence will be sent to the address you used when registering your WAMS ID. This may be a different email than that provided in the application. For information on your WAMS account click HERE.

Terms and Conditions

Certification: I hereby certify that I am an authorized representative of the municipality covered under University of Wisconsin Green Bay MS4 Permit for which this annual report or other compliance document is being submitted, and that the information contained in this submittal and all attachments were gathered and prepared under my direction or supervision. Based on my inquiry of the person or persons under my direction or supervision involved in the preparation of this document, to the best of my knowledge, the information is true, accurate, and complete. I further certify that the municipality’s governing body or delegated representatives have reviewed or been apprised of the contents of this annual report. I understand that Wisconsin law provides severe penalties for submitting false information.

Signee (must check current role prior to accepting terms and conditions)
- Authorized municipal contact using WAMS ID.
- Delegation of Signature Authority (Form 3400-220) for agent signing on the behalf of the authorized municipal contact.
- Agent seeking to share this item with authorized municipal contact (authorized municipal contact must get WAMS id and complete signature).

Delegation of Signature Authority

Submission of this form constitutes notice by the authorized municipal contact that the person electronically signing the MS4 eReport is authorized to do so on behalf of the authorized municipal contact. Please download form 3400-220 and sign and attach it above.

Name: Paul Pinkston
Title: Director of Facilities Planning and Management
