Our Story:

Welcome to the Garden to Doorstep Organics family! Our children's health is our top priority and feeding them healthy, nutritious food is key. Five years ago we had a vision to be able to help others conveniently feed their families healthy, organic produce like we fed our children; free of chemicals and GMOs. Thus started GTDO. We started out small and hung flyers door to door. Even though we have grown, our mission is still the same. Thank you so much for sharing in our passion and helping fulfill our family's dream! We cannot wait to bring you a box.

Why Organic?

- Pesticides are linked to many diseases & illnesses (Parkinson's, some cancers, learning disabilities, ADHD & more).
- Pesticides are harming the environment, killing insects & animals & polluting the air & water.
- Organic farms use less energy & fewer water resources.
- Pesticide free produce simply tastes better – give it a try.

Here is an overview of our program:

- **HUGE CONVENIENCE!**
 - Each week there is a different variety of 100% delicious organic produce.
 - Two types of boxes (Fruit/Veg Combo boxes or Fruit only boxes). See below.
 - Two sizes of each type of box (You pick the size that best fits your family).
 - Brand new website where:
 - We list the produce planned for your box each week. No surprises for easy meal planning.
 - You can **make substitutions** for any items planned for your box with just a click of a button!
 - Need a week off, **NO PROBLEM. *If you need off for any reason, we will skip your box that week and you will not be charged.***
 - **Add-ons.** Shop with us each week. We have a handy feature where we offer many different items that you can add to your box. Simply buy them on our website & we will add them to your box & save you the trip to the store. The items will of course be 100% organic & will all be of our high quality standards. How convenient & delicious!
 - You will receive a newsletter each week with great recipes using the produce in that box to get you cooking, a tip on how to store each item to keep them fresh longer & other information.
 - We work with local farmers & those throughout the states to bring you awesome organic produce all year.
 - Several payment options:
 - ✓ You can do weekly automatic credit/debit card payments.
 - ✓ Or, we have a great promotion right now. Pay upfront for the first three months & receive all of the free produce listed in the coupon here (By credit/debit card).

Make a Commitment you can keep! Let us help you.

Healthy Living Dedication Promotion

For the first Three Months (payment is due upfront for the first three months):

- Receive a free fruit bowl at the beginning of every 3 months in addition to your first box
- Receive \$5.00 free each month to use toward an add-on purchase (for every three month payment)
