Figuring Out How UW-Green Bay Credits Transfer

**Important:** You will need to know your UWGB course number (e.g. Psychology 102, Spanish 202, etc…)

**Transferring Credits to Other UW Schools**
- Transfer Wisconsin - Website: [https://www.wisconsin.edu/transfer/wizards/](https://www.wisconsin.edu/transfer/wizards/)

Use the transfer wizard on this site to learn how the credits earned through UW-Green Bay transfer to other University of Wisconsin schools or Wisconsin technical colleges.

**Transferring Credits to Non-UW Schools (public, private, in-state, out-of-state)**

- Research the school you want to attend
  - Some schools have transfer course databases, but not all do
  - Nearly all schools have a Transfer Specialist or Transfer Coordinator who can help you figure out how your course will transfer
  - Email the Transfer Specialist or Coordinator using this wording:

  “I am taking PSYCH 102, Introduction to Psychology, for 3 credits through UW-Green Bay. I will earn a grade and have credits on a UW-Green Bay transcript. Please let me know how my credits will transfer. Thank you.”

  - The Transfer Specialist or Coordinator may ask you to send a copy of your syllabus to see what the equivalent course would be
    - You will be given access to your syllabus during your course; we advise keeping a copy of it after the course ends

- Request your official transcript here: [https://www.credentials-inc.com/tplus/?ALUMTRO003899](https://www.credentials-inc.com/tplus/?ALUMTRO003899)
  - Wait to send your transcript until after you graduate high school
  - Only send it to the 1 college or university you know for sure you are attending

**IMPORTANT:** The decision to accept or deny the course lies with the receiving college or university.
