ACADEMIC STAFF GOVERNANCE

The Academic Staff of the University of Wisconsin-Green Bay participates in the governance of the University by code and by tradition. Chapter 36 of the State of Wisconsin Statutes authorizes our Academic Staff to advise the Chancellor on the policies and procedures in the University of Wisconsin Administrative Code, Chapters 8-13, which cover codes of ethics, authorization to advise the administration, academic staff appointments, layoffs, and complaints and grievances. In addition, the UW-Green Bay administration and faculty have sought the advice of the Academic Staff on educational and institutional policy by tradition.

All the rules and regulations that follow have been developed over many years of practice and legal precedent and are intended to make governance fair and above board. Openness and fairness have been the guiding principles throughout the evolution of the rules and regulations, and they will continue to guide future changes.

The Office of the Secretary of the Faculty and Academic Staff supports governance by seeing that the rules and regulations passed by the Academic Staff and the Board of Regents are available to you, monitored, and interpreted consistently. The *Academic Staff Handbook* that follows brings together the rules and regulations that we have created, within the code of the UW System.

Best wishes,

Clifford F. Abbott
Secretary of the Faculty and Academic Staff

Beginning no later than the fifth year of consecutive employment, they will receive a two-year appointment; beginning no later than the eleventh year of consecutive employment, they will receive a three-year appointment. All appointments will be fixed-term appointments and will be subject to all provisions (including notification periods) governing fixed-term appointments. UW-Green Bay Chapter 3 - PERFORMANCE REVIEW

3.01 PURPOSE

The evaluation permits the employee to assess his or her own performance for the year in relation to the position description and the goals established by the employee and the supervisor. In addition, it permits the supervisor to evaluate the employee's performance and, working with the employee, set goals for the next evaluation period.

3.02 PROCESS

Every academic staff member shall be reviewed annually by the supervisor.

(1) Non-instructional Academic Staff

(a) The staff member completes the Pre-Evaluation Statement to describe activities and accomplishments on the job for the past year as they relate directly or indirectly to his/her job description and to the goals established for the evaluation period. This may be in the form of a list or a narrative description. Appropriate topics include but are not limited to: primary position duties and responsibilities; achievements of pre-established goals; professional development activities; innovations and/or special projects; research; committee work; university governance activities; and community outreach. The staff member identifies goals for the coming year that support institutional, divisional, and/or departmental goals.

UW-Green Bay Chapter 4 - ACADEMIC STAFF TITLE ASSIGNMENT AND CHANGE PROCEDURES

4.01 PRINCIPLES AND RESPONSIBILITIES

- (1) The purpose of establishing an official title for each unclassified position or group of positions is to permit comparability of substantially similar positions across institutions and academic administrative units. (UWS Unclassified Personnel Guideline (UPG)1.03 #1)
- (2) The System President extends to the chancellors, delegated authority to assign formal unclassified titles to all unclassified at his/her institution except as provided in this guideline or as required by the Regent policy or state statutes. (UPG 1.03 #3)
- (3) An appeal mechanism should be established at each institution to resolve disputes regarding formal title assignments. The appeal process may be designed to meet the particular organizational needs and governance structures of the institution. (UPG 1.03 #4)
- (4) Institution policies and procedures for the administration of the unclassified title structure should provide for ongoing review of formal title assignments with position descriptions that are accurate and current. Most title assignment changes will involve major changes in duties (job reclassification) or they will reflect greater experience, expertise and applied ability in a particular specialty area (career progression). As a general rule, formal title changes due to job reclassification may take effect at appropriate times throughout the fiscal year. However, to the extent possible, formal title changes that reflect usual career progress in the specialty area should coincide with the annual budget process. (UPG 1.03 #5)
- (5) A title change is a correction that reflects more accurately current, new, or changed responsibilities (ex. – a title changed from a marketing specialist to a program manager), which is distinguished from a title progression which reflects movement due to increased professional skills and stature within a professional or instructional/research staff title series (ex. – moving from an associate marketing specialist to a marketing specialist, no-prefix).
- (6) Approved title changes will be effective July 1 to correspond with the beginning of the fiscal year, and will be reflected in the academic staff member's new notice of appointment.

4.02 "PROFESSIONAL" TITLES

(1) Definitions of Professional Titles

- (a) Professional titles include both those that require specialized certification, a specific degree or other specific professional credentials and related qualifications for entry into the series, and those that do not. With the exception of Special Assistant, four prefixes are defined for all unclassified professional functions. The first three professional prefix levels--

Associate, No Prefix, and Senior--reflect successively greater experience, expertise, and applied ability in a particular specialty area. As described below, these three prefix levels constitute a "natural career progression" track through which professional academic staff might be expected to progress in the area of specialty.

(2) Prefix Definitions for Professional Titles

(a) Associate - At this level, a professional is expected to perform at the entry level of proficiency. This includes performing all or any of the basic duties and functions as defined for the specialty or by the level of certification or licensure.

(b) No Prefix - An individual at this level performs those duties and responsibilities expected of a fully competent professional. Typically, such duties and responsibilities require knowledge and skills gained only through considerable experience. A fully competent professional works independently in applying the approaches, methods, and techniques of his or her profession and is active in developing or assisting in the development of new approaches to resolving problems.

(c) Senior - A professional at the Senior level performs program functions at a level of proficiency typically requiring extensive experience (e.g., a minimum of at least seven years of professional experience and advanced knowledge and skills). At this level, the professional has a consistent record of exemplary performance. A Senior professional is expected to develop new approaches, methods, or techniques to resolve problems with little or no expert guidance and to cope independently with new, unexpected, or complex situations. At this level, a professional can be expected to guide or train other professionals or to oversee their work.

(d) Distinguished - A professional at the Distinguished level performs at a level of proficiency typically requiring extensive experience and advanced knowledge and skills. The expertise of a professional at this level is commonly recognized by his or her peers and through a reputation that extends beyond his or her work unit. A Distinguished professional is expected to develop new approaches, methods, or techniques to resolve problems with little or no expert guidance and to cope independently with new, unexpected or complex situations. At this level, a professional can be expected to guide or train other professionals or to oversee their work.

1) An academic staff member recognized as Distinguished at UW-Green Bay has consistently performed at an exceptionally meritorious level. The professional's extraordinary achievements are recognized by peers, possibly regionally, nationally or internationally, but certainly beyond the University. Superior attainments will have been demonstrated through, for example, special honors or recognition in the individual's field of professional expertise, and much higher than average merit pay increases. These accomplishments have been made over a sustained and significant period of time, although seniority or longevity alone would not be sufficient for award of the designation.

(3) Career Track Progression Process for Professional Titles

(a) Definition

A career track progression reflects increased professional skills and stature for academic staff with Professional titles. Progression is from Associate to No Prefix or No Prefix to Senior. An academic staff member in the Professional or Lecturer series will typically show career advancement through the Associate, No Prefix, and Senior prefix levels. The prefix level of Distinguished is not included in this Career Track Progression.

(b) Review Process

- 1) Before initiating a review, the staff member should consult with the Human Resources Representative, and in some cases the Affirmative Action Officer, in order to receive counsel regarding both the substance and the timing of the request. The Human Resources Representative shepherds the process through its various stages, maintains the integrity of the files, and assures timely completion of the various stages.
- 2) For Professional titles, documentation should be placed in the individual's official personnel file, which should contain:
 - a) An updated position description questionnaire.
 - b) The previous position description (if any).
 - c) A completed title review form from the Office of Human Resources.
 - d) A written rationale for the title progression.
- 3) The procedure begins when the staff member formally presents the title review form and written rationale, or the documentation packet for review to the Distinguished level, to his or her supervisor. Ordinarily this will occur during the fall of the year to ensure adequate processing time.
- 4) By the end of October, the supervisor sends the title review form and supporting documentation to the hiring authority with a written rationale recommending approval or denial. Only the information included in the individual's official personnel file and the supporting documentation may be considered in this review.
- 5) The hiring authority sends the file containing documentation from both staff member and the supervisor to the Human Resources Representative. The file is also reviewed at this step by the Affirmative Action Officer.
- 6) The hiring authority, upon receipt of the written advice from the Human Resources Representative and the Affirmative Action Officer, prepares his or her own written rationale recommending approval or denial.
 - a) If the hiring authority's recommendation is negative, he or she sends the case file

to the Human Resources Representative for completion of the records and notifies the supervisor. The supervisor may informally notify the staff member. The Human Resources Representative shall formally notify the staff member with a letter that includes information on the appeal process.

b) If the hiring authority's recommendation is positive, he or she sends the case file to the Human Resources Representative who completes the records and transmits the file to the Chancellor.

7) Before reaching a decision, the Chancellor may seek additional information from the hiring authority or others, or return the recommendation to the hiring authority for reconsideration. The review process ends when the Chancellor reaches a final decision.

a) If the decision of the Chancellor is negative, the Human Resources Representative shall notify the staff member in writing. A negative decision by the Chancellor may not be appealed.

b) If the decision of the Chancellor is positive, the Chancellor shall notify the staff member in writing of the decision.

(4) Appeal Process for Progression Denial

(a) A staff member may appeal a negative decision of the hiring authority to the Academic Staff Personnel Committee within 20 working days of receiving the written notice of a negative decision.

(b) A written rationale supporting an appeal should be submitted by the staff member to the Human Resources Representative, who shall transmit the appeal documents and the original request file to the Academic Staff Personnel Committee.

(c) The Academic Staff Personnel Committee shall review the case file and transmit a written response through the Human Resources Representative to the hiring authority no more than 40 working days after the appeal is submitted.

(d) The hiring authority shall consider the appeal documents and the Academic Staff Personnel Committee's advice and transmit his or her recommendation through the Human Resources Representative to the Chancellor no more than 20 working days after receiving the response from the Academic Staff Personnel Committee.

(e) The decision of the Chancellor is sent to the staff member and the hiring authority no more than 20 working days after receiving the hiring authority's recommendation. The Chancellor's decision is final.

(5) Special Requirements and Process for Distinguished Prefix

(a) To be considered for a review for the Distinguished level, those with Professional titles must, at a minimum, submit specific documentation as evidence of at least three distinct areas of exceptional competence and/or achievement in their occupational fields. Examples may include, but not be limited to, the following:

- 1) Making presentations before regional, national, or international professional organizations.
- 2) Receiving awards of achievement that recognize significant contribution to the professional field from regional, national, or international professional organizations.
- 3) Producing a history of professional publications in professional journals, periodicals and/or newsletters.
- 4) Serving as a consultant for regional, national, or international organizations; agencies or private businesses; or industries.
- 5) Providing expert testimony directly related to the professional field.
- 6) Presenting educational or training programs for external, post-secondary organizations and institutions to other professionals.
- 7) Developing innovative methods, techniques, or professional skills that are recognized and applied regionally, nationally, or internationally by other professionals in the field.

(b) For the Distinguished prefix, the following documentation must be provided:

- 1) A letter of support from the unit head or department chair. Since the most important consideration is the excellence of the academic staff member, the letter should describe the distinctive capabilities, performance, and contributions of the individual in which excellence has been demonstrated. A statement from the unit or department evaluating the staff member's value in the department or unit mission, as well as to the program, would be helpful.
- 2) A position description for the current position including the nature and scope of the duties and responsibilities.
- 3) A detailed resume/curriculum vitae indicating background and experience, annotated as appropriate to provide information on previous training, job responsibilities, and professional development efforts.
- 4) A chronological listing or description of accomplishments, achievements, awards, publications, grants, etc. Achievements should not be listed chronologically by category but by year. For example, all outstanding achievements occurring in 1992 documenting excellence related to the criteria listed in the document would be listed together.

5) A minimum of four and a maximum of six letters of recommendation from those who can speak to the talents of the academic staff member and evaluate his/her performance. At least two letters of recommendation from outside of the University of Wisconsin System are desirable. Letters should compare the quality and productivity of the academic staff member with others of similar rank and experience, if applicable. Also, a brief explanation of how these individuals were selected for this process and their relationship to the academic staff member should be included.

6) Any additional material the academic staff member believes to be helpful in the evaluation process. This may include, but is not limited to, letter(s) or statement(s) from the academic staff member, teaching evaluations, and unsolicited letters of support from clients, patients, students, outside agencies, etc.

7) The supporting documentation for the Distinguished prefix should be bound and include a table of contents with all pages numbered sequentially. The following order is suggested as optimum for presentation and preparation of the document.

- a) Section 1: Cover letter from the academic staff member initiating the process of title review.
- b) Section 2: Letter of support from the supervisor.
- c) Section 3: Position description.
- d) Section 4: Résumé/curriculum vitae.
- e) Section 5: Chronological listing of accomplishments.
- f) Section 6: Letters of recommendation.
- g) Section 7: Other supporting documentation.

(6) Title Change (other than Progression)

Refer to Section 4.07 of the UW-Green Bay Academic Staff Governance Handbook.

(7) Salary Adjustments

Refer to Section 4.08 of the UW-Green Bay Academic Staff Governance Handbook.

4.03 PROGRAM MANAGER TITLES

(1) Definition of Program Manager Titles (UWS UPG 1.04 (9))

(a) Program Manager titles are used to describe positions that manage a specific program. A Program Manager title is appropriate when the program or activity is not large and/or complex enough to justify an Administrative Director title. A program is a coordinated, defined set of services or activities usually focusing on a single objective. Whether ongoing and well established or fledgling, programs are not synonymous with the functional areas from which they operate. Program Manager titles should be applied to positions where the

program managed typically is recognized as a free standing and distinct program function. Although primarily a non-supervisory activity, program management often requires the coordination of work within the unit and/or across a number of administrative units.

(b) Program Managers often function quite independently. Typically, the services provided by a Program Manager are primarily developed and provided by the position incumbent rather than by subordinates. Program Managers can be distinguished from Directors in that Program Managers focus on policy implementation and they perform and supervise the activities of the unit, whereas Directors focus on policy development and they serve in management/leadership roles.

(c) A large and/or complex program, or one undergoing rapid growth may require that the Program Manager supervise support staff. However, a position carrying major supervisory responsibilities over several persons should have its title reviewed to consider whether it might better to conform to an Administrative Director title.

(2) Levels of Program Manager Titles (UWS UPG 1.04 (9))

Each Program Manager function has level designations of I, II, and III, which represent increasing size and/or complexity of similar functions. Determination of an appropriate level within the function is based on the institution rating of each position using the title evaluation instrument (Position Description Questionnaire). A complete Program Manager title will include both a function description and a level designation.

(3) Title Change

Refer to Section 4.07 of the UW-Green Bay Academic Staff Governance Handbook.

(4) Salary Adjustments

Refer to Section 4.08 of the UW-Green Bay Academic Staff Governance Handbook.

4.04 ADMINISTRATIVE DIRECTOR TITLES

Definition of Administrative Director Titles

Director titles are reserved for the administrative heads of non-academic units and major functional areas of the institution. Titles in this category are responsible for planning the objectives and directing the activities of the unit. Depending on the prefixes assigned, they have extensive budgetary and supervisory authority and are responsible for the development of final policy recommendations and policy implementation based on the evaluation of unit policy, procedures, and operations.

Prefix Definitions

Prefixes for Administrative Directors reflect the hierarchical organization structure of units and institutions in which their functions are performed. The prefixes include: Assistant, Associate, and No Prefix.

(a) Assistant

An Assistant Director manages a subunit of a major department and reports to a Director or Associate Director. At the Assistant level, a Director supervises three or more staff members excluding his or her personal secretary, develops and recommends an annual unit budget, and develops or assists in developing and recommending policy to the Director. An Assistant Director is responsible for the day-to-day administrative management and policy implementation activities of an administrative unit. The role of an Assistant Director is primarily supervisory and managerial as contrasted with a Program Manager whose primary responsibility is direct service delivery and whose job is largely non-supervisory.

(b) Associate

An Associate Director is defined as a deputy director who assists in directing the administrative and policy development and implementation endeavors of a major administrative unit under the general supervision of the Director. An Associate Director acts on behalf of a Director (No Prefix) on an on-going basis as well as in the Director's absence. There is no more than one Associate Director per unit. An Associate Director title is typically defined in units of sufficient size and scope of responsibility such that secondary decision making must be shared with or allocated to an Associate Director. Under very exceptional circumstances where a very large administrative unit exists, the assignment of more than one Associate Director title can be made if the title is specifically approved by System Administration.

(c) No Prefix

A Director (No Prefix) directs all the administrative, policy development, and implementation endeavors of a major administrative unit.

(2) Title Change

Refer to Section 4.07 of the UW-Green Bay Academic Staff Governance Handbook.

(3) Salary Adjustments

Refer to Section 4.08 of the UW-Green Bay Academic Staff Governance Handbook.

4.05 INSTRUCTIONAL AND RESEARCH ACADEMIC STAFF TITLES

Definition for Instructional Academic Staff Titles

(b) No Prefix

A Lecturer at this level has the experience and academic qualifications needed to develop and teach a course(s) subject to broad guidelines describing the scope of the subject matter to be covered. However, the specific topics to be covered and the degree of topic emphasis are left to the independent judgment of the Lecturer (No Prefix). At this level, a Lecturer may be involved in various instruction related activities. These may include undergraduate advising, assisting in developing lab safety protocols, course scheduling, curriculum development, participating in departmental outreach programs, or other instructional activities.

(c) Senior

A Senior Lecturer has extensive teaching experience and subject matter expertise in an academic discipline. A Lecturer at this level has gained a reputation among his or her peers for demonstrably sustained superior contributions to teaching within a department or division. At this level, the independent selection, organization, and development of course contents and instructional materials approaches used is expected. Involvement with committees engaged in supporting this development is typical. However, the direct delivery of instruction is the primary responsibility of this title.

(3) Definition for Research Academic Staff Titles

Research Academic Staff participate in conducting research, identify research problems, design research methodology, perform or supervise research and prepare results for presentation to professional organizations or for scholarly publications. A PhD or the equivalent experience and/or knowledge required to conduct research activities at the level of

a principal investigator or co-principal investigator is ordinarily required to hold one of the titles in this title group. The assignment of function titles and prefixes is delegated to the chancellor with the expectation that assignments for non-professorial Research Academic Staff functions and prefixes will be in compliance with systemwide definitions.

(4) Career Track Progression Process for Instructional and Research Academic Staff Titles

(a) Definition - Reflects increased professional skills and stature for academic staff with Instructional and Research titles. Progression is from Associate to No Prefix or No Prefix to Senior. An academic staff member in the Professional or Lecturer series will typically show career advancement through the Associate, No Prefix, and Senior prefix levels. The prefix level of Distinguished is not included in this Career Track Progression.

(b) Documentation should be placed in the individual's official personnel file, and should include an updated position description questionnaire, the previous position description (if any), a completed title review form from the Office of Human Resources, and a written rationale for the title progression.

(c) The procedure begins when the staff member formally presents the title review form and written rationale, or the documentation packet for review for the Distinguished level, to his or her supervisor. Ordinarily this will occur during the fall of the year to ensure adequate processing time.

(d) By the end of October, the supervisor sends the title review form and supporting documentation to the hiring authority with a written rationale recommending approval or denial. Only the information included in the individual's official personnel file and the supporting documentation may be considered in this review.

(e) The hiring authority sends the file containing documentation from both staff member and the supervisor to the Human Resources Representative. The file is also reviewed at this step by the Affirmative Action Officer.

(f) The hiring authority, upon receipt of the written advice from the Human Resources Representative and the Affirmative Action Officer, prepares his or her own written rationale recommending approval or denial.

1) If the hiring authority's recommendation is negative, he or she sends the case file to the Human Resources Representative for completion of the records and notifies the supervisor. The supervisor may informally notify the staff member. The Human Resources Representative shall formally notify the staff member with a letter that includes information on the appeal process.

2) If the hiring authority's recommendation is positive, he or she sends the case file to the Human Resources Representative who completes the records and transmits the file to the Chancellor.

(g) Before reaching a decision, the Chancellor may seek additional information from the hiring authority or others, or return the recommendation to the hiring authority for reconsideration. The review process ends when the Chancellor reaches a final decision.

1) If the decision of the Chancellor is negative, the Human Resources Representative shall notify the staff member in writing. A negative decision by the Chancellor may not be appealed.

2) If the decision of the Chancellor is positive, the Chancellor shall notify the staff member in writing of the decision.

(5) Appeal Process for Progression Denial

(a) A staff member may appeal a negative decision of the hiring authority to the Academic Staff Personnel Committee within 20 working days of receiving the written notice of a negative decision.

(b) A written rationale supporting an appeal should be submitted by the staff member to the Human Resources Representative, who shall transmit the appeal documents and the original request file to the Academic Staff Personnel Committee.

(c) The Academic Staff Personnel Committee shall review the case file and transmit a written response through the Human Resources Representative to the hiring authority no more than 40 working days after appeal is submitted.

(d) The hiring authority shall consider the appeal documents and the Academic Staff Personnel Committee's advice and transmit his or her recommendation through the Human Resources Representative to the Chancellor no more than 20 working days after receiving the response from the Academic Staff Personnel Committee.

(e) The decision of the Chancellor is sent to the staff member and the hiring authority no more than 20 working days after receiving the recommendation from the hiring authority. The Chancellor's decision is final.

4.06 OTHER UNCLASSIFIED TITLES

Refer to the UWS Unclassified Personnel Guidelines #1 for a complete listing and the guidelines for several other unclassified titles that fall within the Academic Staff category. UW-Green Bay does not currently utilize these title assignments within Academic Staff, thus they are not covered within this governance handbook.

4.07 TITLE CHANGES (OTHER THAN PROGRESSION)

(1) **Definition** - A title change is a correction to reflect a more accurately current, new, or changed responsibilities. Most title changes will involve major changes in duties. A copy of this notification is sent to the Office of the Secretary of the Faculty and Academic Staff.

- (c) A move is made to the Distinguished prefix

(2) Salary adjustments - All salary adjustments will be at least a 3% increase or movement to the minimum of the new pay grade, whichever is greater. The salary adjustment will be in addition to the annual increase. In no instance will there be a salary decrease. Further salary adjustment is left to the discretion for the hiring authority.

(3) No salary increase will occur when the new title is in the same pay grade as the old title.

UW-Green Bay Chapter 5 - NONRENEWAL OF FIXED-TERM EMPLOYEES

5.01 COVERAGE BY DUE PROCESS PROTECTION

As specified in UWS 10.03 (1), appropriate due process protection shall be the right of all members of the academic staff. Employees who have relevant service of less than 7 years and do not have multiple-year appointments or who have less than a 50% appointment at UW-Green Bay are provided with such protection in 5.02 and 5.03. Employees who have relevant service of at least 7 years, have multiple-year appointments, and have a 50% or greater appointment have the additional protection provided in 5.04 and 5.05.

5.02 STATEMENT OF REASONS FOR NONRENEWAL

Prior to forwarding a recommendation of nonrenewal, the supervisor shall formulate and retain written reasons for the decision. The supervisor shall inform the academic staff member in writing of the decision before the recommendation is forwarded to the hiring authority. If the staff member requests written reasons, they become a part of the official personnel file. The academic staff member's request must be made in writing within 20 working days of receiving notice of nonrenewal.

5.03 LETTER OF DISAGREEMENT AND RIGHT TO MEETING

If the academic staff member disagrees with the written reasons, he/she may so state, providing reasons and, if desired, supporting evidence, in an official letter of disagreement which shall then be placed in his/her personnel file. A copy of the letter may be sent to the supervisor and to the hiring authority. The academic staff member may also request a meeting with the supervisor making the recommendation and the hiring authority to review and discuss the decision. This is not a formal hearing as in UWS 11.03, but a meeting to review the matter. Such actions may be taken at any time prior to the expiration of the appointment.

5.04 RECONSIDERATION OF NONRENEWAL FOR APPOINTEES WITH SEVEN OR MORE YEARS OF RELEVANT SERVICE AND MULTIPLE-YEAR APPOINTMENTS

If the supervisor of an academic staff member has forwarded a recommendation for nonrenewal and the hiring authority accepts the recommendation, the academic staff member has the right to request reconsideration from the hiring authority. A written request to the hiring authority shall be made within 20 working days of notice of nonrenewal (25 days if notice is by first class mail and publication). The meeting shall be held within 10 working days of receipt of the request and the staff member shall be notified of the meeting in writing at least 3 working days in advance. The time limits may be extended by mutual consent of the parties. The meeting shall be informal; its only purpose is to allow the staff member a genuine opportunity to persuade the

hiring authority to change his/her decision by challenging the stated reasons and/or by offering additional evidence. Upon the request of either party an impartial observer may be present. The observer shall be selected by consent of the parties from a panel of three chosen by the Academic Staff Committee. The observer shall be a member of the UW-Green Bay faculty or academic staff. The hiring authority shall inform the academic staff member of his/her decision in writing within 10 working days.

5.05 HEARING FOR APPOINTEES WITH SEVEN OR MORE YEARS OF RELEVANT SERVICE AND MULTIPLE-YEAR APPOINTMENTS

(1) An academic staff member who has been nonrenewed after a reconsideration may request a hearing before the Academic Staff Personnel Committee within 20 working days after the reconsideration. Such a hearing shall be held not later than 20 working days after the request except that the time limit may be extended by mutual consent of the parties or by order of the hearing body. If the academic staff member wishes to have counsel present, he/she must so advise in writing, the chairperson of the Personnel Committee so that the Committee may have counsel present. The burden of persuasion in such a review shall be on the nonrenewed academic staff member and the scope of the review shall be limited to the question of whether the decision was based in any significant degree upon one or more of the following factors, with material prejudice to the individual.

(a) Conduct, expressions, or beliefs which are constitutionally protected, or actions which are consistent with an appropriate professional code of ethics;

(b) Employment practices proscribed by applicable state or federal law; or

(c) Improper consideration of qualifications for renewal. For purposes of this section, "improper consideration" shall be deemed to have been given to the qualifications of a staff member in question if material prejudice resulted because of any of the following:

1) the procedures required by the Academic Staff Code were not followed;

2) available data bearing materially on the quality of performance were not considered;

3) unfounded, arbitrary, or irrelevant assumptions of fact were made about work or conduct.

(2) The Personnel Committee shall report its recommendation as to the validity of the appeal to the supervisor, the hiring authority, and to the Chancellor. Such a report may include remedies that may, without limitation because of enumeration, take the form of a reconsideration by the decision maker, a reconsideration by the decision maker under instructions from the Committee, or a recommendation directly to the Chancellor. The decision of the Chancellor will be final in all such matters. Within UW-Green Bay, any questions concerning the interpretation of section 5.05 shall be resolved by the Personnel Committee.

**UW-Green Bay Academic Staff Assembly Revised December 21, 1995 [5.04 and 5.05]
Chancellor Perkins Approved February 7, 1996**

UW-Green Bay Chapter 6 - DISMISSAL FOR CAUSE

6.01 RESPONSIBILITY FOR CHARGES

An allegation concerning the conduct of an academic staff member which appears to be substantial and which, if true, might lead to dismissal under this chapter, should be brought to the attention of the Chancellor. The Chancellor shall act upon receipt of the allegation pursuant to the procedures set forth in UWS 11 and UW-Green Bay Chapter 6.

6.02 DISMISSAL FOR CAUSE: FIXED-TERM ACADEMIC STAFF APPOINTMENTS

A member of the academic staff holding a fixed-term appointment and having completed an initial specified period of time as provided for in Chapter 2.02, may be dismissed prior to the end of the contract term only for just cause under UWS 11.11 and UW-Green Bay Chapter 6 .02 or for reasons of budget or program under UWS 12 and UW-Green Bay Chapter 7 . For an academic staff member on a fixed-term appointment who has served UW-Green Bay for less than three years, a dismissal for cause shall not become effective until the individual concerned has received a written notification of specific charges and has been offered an opportunity for a hearing before the appropriate hiring authority or his/her designee. Dismissals for cause shall be appealable as provided for in Chapter 6.07-6.09. The burden of proof as to the existence of just cause on appeal shall be on the hiring authority or an authorized official. Dismissal for cause of a member of the academic staff who has served UW-Green Bay for three or more years shall proceed under UWS 11.02 to 11.10 and UW-Green Bay Chapter 6.01-6.09.

6.03 PREPARATION OF CHARGES

Pursuant to UWS 11.02, the hiring authority or his/her designee shall seek to resolve the allegation informally with the academic staff member. If this discussion does not result in a resolution of the allegation, the hiring authority or his/her designee shall prepare a written statement of specific charges not later than 15 working days after the informal meeting with the staff member, except that this deadline may be extended by written consent of all of the parties.

6.04 SERVICE OF CHARGES

Service of the formal statement of charges shall proceed as set forth in UWS 11.02 (2). Failure by the administration to observe the procedures and time limits stated in UWS 11 and UW-Green Bay Chapter 6 shall be deemed a withdrawal of charges.

6.05 HEARING

If an academic staff member requests a hearing of dismissal charges under UWS 11.02 such hearing shall proceed under UWS 11.03-11.07 and UW-Green Bay Chapter 7.

6.06 TIME LIMITATIONS

The time limits stated in UWS 11.04 and 11.10 as a specified number of days shall be considered to be working days under these policies and procedures. Failure by the academic staff member to meet the time limits of UWS 11.04 shall constitute waiver of the right to a hearing.

6.07 HEARING BODY

The Academic Staff Personnel Committee shall serve as the hearing body in cases of dismissal for cause involving all members of the academic staff except lecturers. Pursuant to UWS 11.03 (2), the Faculty Rights and Responsibilities Committee shall be the hearing body for academic staff members appointed solely as lecturers. The hearing body for members of the academic staff who have appointments as lecturers, but whose responsibilities are not solely as lecturers, shall consist of four members of the Academic Staff Personnel Committee and three members of the Rights and Responsibilities Committee. Each Committee shall select its representatives for the hearing body. The hearing body may, on the motion of either part, disqualify any one of its members by a majority vote. The vote on such motion shall be in closed session. Any member of the hearing body who has heard a grievance involving the academic staff member requesting the hearing shall be disqualified. If one or more of the members of this hearing body disqualify themselves or are disqualified, the Academic Staff Committee or the University Committee (depending on the appointment type of the disqualified members) shall select, by majority vote, a number of replacements equal to the number who have been disqualified. The vote on replacements shall be in closed session and results shall be binding. The process of membership replacement shall be conducted in such a manner as to ensure that the hearing body membership is representative of the operational areas of the University.

6.08 LEGAL COUNSEL

If requested by the hearing body, the Chancellor shall provide legal counsel. The functions of legal counsel shall be to advise the hearing body and to consult with them on legal matters.

6.09 RECOMMENDATIONS

The hearing body shall send to the Chancellor and to the academic staff member concerned, within 30 days of the conclusion of a hearing, a verbatim record of the testimony, which might be a sound recording, and a copy of its report, findings, and recommendations. After reviewing the matter on record and considering written arguments if submitted by the parties, the Chancellor shall issue a written decision pursuant to UWS 11.07 and 11.09 within 20 working

days of receipt of the hearing body's recommendations. This period may be extended by order of the Chancellor. The decision of the Chancellor is final unless the Board of Regents, upon request of the academic staff member, grants a review based on the record as provided in UWS 11.10.

UW-Green Bay Chapter 7 - LAYOFF OF ACADEMIC STAFF FOR REASONS OF BUDGET OR PROGRAM

7.01 GENERAL

As provided in UWS 12.01, program decisions which may result in the layoff of Academic Staff members shall be discussed by the Chancellor with the Academic Staff Committee. This consultation is for informational purposes and shall be held at least one year prior to the implementation of the layoff decision. In instances that make the one-year period impractical, the Academic Staff Committee shall be consulted as early as possible prior to the implementation of the layoff decision. The Committee shall consider information including but not limited to the following: budget detail regarding program decisions such as those which show a need to lay off a specified number of academic staff members; criteria applied in determining the operational units(s) which has (have) been designated for reduction in positions; criteria applied in determining that a member of the academic staff, rather than another employee, should be subject to layoff; and criteria to be applied within the operational area in determining the individual(s) who will be affected by the reduction in academic staff positions. The Academic Staff Committee shall advise the Chancellor or the Chancellor's designee concerning the viability of the proposed layoff plan and suggest feasible alternatives to it.

7.02 DEFINITION

Layoff is the suspension of an academic staff member's employment by the University of Wisconsin-Green Bay during the appointment period for reasons of budget or program reduction, discontinuance, curtailment, modification, or reduction.

7.03 SENIORITY POLICY FOR LAYOFF DECISION

Pursuant to UWS 12.03, layoffs of academic staff members with fixed-term appointments shall follow seniority based on their original date of appointment at UW-Green Bay. Seniority shall be calculated in terms of years, months, and days of service at the University regardless of changes in the appointment. Appointments less than 50 percent shall be pro-rated according to the percentage of time of the appointment. For academic staff members on limited appointments, seniority shall accumulate in the concurrent academic staff appointment.

7.04 ORDER OF LAYOFFS FOR ACADEMIC STAFF MEMBERS WITH FIXED-TERM APPOINTMENTS

If layoffs occur within an operational area and the academic staff members involved do the same or similar work, seniority shall determine the order of layoff. Exceptions to the order of layoff as

defined in this section may be made by the hiring authority to maintain specific expertise within the operational area. Exceptions shall be approved by the Chancellor upon the recommendation of the Academic Staff Committee.

7.05 REVIEW AND HEARING FOR LAYOFF DECISIONS FOR FIXED-TERM ACADEMIC STAFF APPOINTMENTS

Notice shall be given in accordance with UWS 12.03 and UW-Green Bay Chapter 2.09. A layoff designee shall be informed in writing of his/her employment status, the effective date of layoff, program and budget reasons compelling layoff, review and hearing rights, and reappointment rights. Any academic staff member who has been given a written notice of layoff may request a hearing regarding that decision in accordance with UWS 12.05 and 12.06. The request for a hearing shall not delay a layoff. The hearing shall proceed under UWS 12.04-12.06 and UW-Green Bay Chapter 7.

7.06 HEARING BODY

The Academic Staff Personnel Committee shall serve as the hearing body as provided in UWS 12.04. Pursuant to UWS 12.05 (1) (b), Academic Staff Personnel Committee members must be disqualified if they participated in the layoff process leading to the layoff of the academic staff member, or if they are material witnesses in the case. On the motion of either party in the case, the Personnel Committee may disqualify any one of its members for cause by a majority vote. If one or more of the Personnel Committee members disqualify themselves or are disqualified, the remaining members may select a number of other replacements equal to the number who have been disqualified to serve. The vote on the motion and the replacements shall be in closed session and the results shall be binding. The process of membership replacement shall be conducted in such a manner as to ensure that the Personnel Committee membership is representative of the operational areas of the University.

7.07 LEGAL COUNSEL

The Chancellor shall provide legal counsel and other assistance for the hearing body as provided in UWS 12.05 (3) (b).

7.08 HEARING

The hearing for academic staff members with fixed-term appointments shall proceed in accordance with UWS 12.05. Time limits stated in UWS 12.05 as a specified number of days shall be considered to be working days under these policies.

7.09 RECOMMENDATIONS

The hearing body shall send to the Chancellor and to the academic staff member concerned, as soon as practical after the conclusion of hearing, but not exceeding 20 working days, a verbatim record, which might be a sound recording, of the testimony and a copy of its report, findings, and recommendations. The Chancellor shall review the matter, decide whether the staff member should be laid off, and issue a written decision to the hearing body and academic staff member within 15 working days of receipt of the hearing body's recommendations. This decision shall be final unless the Board of Regents, upon request of the academic staff member, grants review based on the record, pursuant to UWS 12.05 (8).

7.10 LAYOFF CONDITIONS

Conditions governing the layoff status of academic staff members will be in accordance with UWS 12.07. A staff member on layoff status has 20 working days in which to respond to an offer of alternative employment or reappointment. Failure to respond shall terminate the academic staff member's alternative employment or reappointment rights. Dismissal of an academic staff member in accordance with Chapter 3.02 (1) (a) or (b) and (c) 1) is not a layoff for reasons of program or budget.

7.11 ALTERNATIVE EMPLOYMENT AND FINANCIAL ASSISTANCE

(1) UW-Green Bay shall devote its best efforts to securing alternative employment in accordance with UWS 12.08. The head of the operational area responsible for the layoff (or designee) is encouraged to identify and inform the employee of any comparable positions in related operation areas. An academic staff member of layoff may be hired without an open recruitment into an academic staff position in another area at the discretion of that department or unit and in accordance with the academic hiring policy. Members of the academic staff on layoff status or on notice of layoff shall have the right of first referral to all academic staff vacancies for which they may reasonably qualify. The Human Resource Office prior to posting of position vacancies shall make such referrals. Prospective employers must consider these persons before consideration of other referrals, if any, and before commencement of open recruiting, and upon request must give written reasons to any referred academic staff member on layoff status to whom employment is refused.

(2) Academic staff members on layoff shall have 5 working days from the date of such a referral to request consideration for a particular position. If a request for consideration is not received within the relevant time period, the head of the operational area or his or her designee may proceed with open recruitment.

(3) The head of the operational area shall have access to the personnel file of the academic staff member on layoff status as well as the ability to interview the individual, to review credentials, and obtain other information relevant to the hiring decision. The academic staff member on layoff shall have the ability to update the resume or other information contained in the personnel file at any time.

(4) The Chancellor shall seek to provide financial assistance for academic staff members who are to be laid off, to readapt within UW-Green Bay where such re-adaption is feasible within one year's time. Such financial assistance may include underwriting the cost of job-related training under the University of Wisconsin System Unclassified Personnel Guideline 8 (Appendix IV). For purposes of this chapter, Section 8.02 (2) from UWS Guideline 8 may also include such retraining as is deemed necessary for a staff member on layoff to accept an alternative appointment in a related field.

(5) Units and/or departments are encouraged to provide release time to academic staff members being laid off for such purposes of retraining, job interviewing, career counseling or job searches.

7.12 REAPPOINTMENT RIGHTS

An academic staff member on layoff shall have reappointment rights pursuant to UWS 12.09. The senior appointees within each operational area shall be recalled first in order of seniority. Exceptions to the order of reappointment as defined in this section may be made by the hiring authority to obtain specific expertise within the operational area. Exceptions shall be approved by the Chancellor upon the recommendation of the Academic Staff Committee.

7.13 RETENTION OF POSITION AND SALARY

Any academic staff member reappointed within three years after layoff to reasonably comparable duties within the operational area shall be reappointed with a position on the UW System Academic Staff Title and Compensation Plan at least equivalent to his/her position when laid off, together with such other rights and privileges which may have accrued at the time. The person's salary shall be equal to his/her salary at the time of layoff plus the annual increases subsequently allotted by the State of Wisconsin. The only exception is that portion of salary associated with a limited appointment, if the limited appointment is not part of the reappointment.

7.14 RIGHTS OF ACADEMIC STAFF MEMBERS ON LAYOFF

Academic staff members on layoff have rights as defined in UWS 12.11. These rights include the same privileges accorded an employed academic staff member concerning the use of UW-Green Bay facilities, service, and voting privileges on university committees and similar bodies, and the use of office space if available.

UW-Green Bay Chapter 8 - COMPLAINTS AND GRIEVANCES

8.01 DEFINITIONS

(1) A complaint is an allegation subject to written confirmation made by persons other than the academic staff member's supervisor(s) or hiring authority concerning conduct which violates UWS or UW-Green Bay rules or policies or which adversely affects the academic staff member's performance or obligations to the University, but which is not serious enough to warrant dismissal proceedings under UWS Chapter 11 or UW-Green Bay Chapter 6.

(2) A grievance is a personnel problem involving an academic staff member's written allegation of a violation of the federal or state constitution, a federal or state law, an employment contract, or a UWS or UW-Green Bay policy.

8.02 COMPLAINT PROCEDURES

Note: an academic-related complaint filed by a student on an instructional academic staff member should follow the procedures outlined in the "Complaints and Grievances" section of the Student Resource Handbook prepared by the Dean of Students Office.

(1) A complaint shall be filed with the academic staff member's immediate supervisor.

(2) If a complaint cannot be resolved between the complainant and the supervisor, the academic staff member shall be notified of the complaint action.

(3) In those cases wherein the complaint cannot be otherwise resolved, the Chancellor may direct the Academic Staff Personnel Committee to make investigations including holding hearings on written complaints from interested persons. The Academic Staff Committee, upon directive from the Chancellor, shall conduct an investigation, make findings, and develop recommendations concerning the enforcement of UWS and UW-Green Bay rules and policies. Any hearing held under this provision shall be a non-adversary proceeding.

(4) If the results of an investigation disclose that an academic staff member has engaged in conduct which violates UWS rules or policies, or which adversely affects the academic staff member's performance or obligations to UW-Green Bay, the Committee may issue a recommendation to the Chancellor for appropriate action within these rules and the UWS administrative code.

(5) If the results of the investigation disclose that the complaint was without foundation, the Committee shall so find and file such findings and recommendations with the Chancellor.

- (5) Copies of the Committee's recommendations shall be served on all parties of the investigation.

8.03 GRIEVANCE PROCEDURES

(1) The academic staff member shall discuss any grievance with the immediate supervisor within 20 working days from the date of awareness of the precipitating action or condition. The supervisor shall give the academic staff member a written decision on the grievance within 5 working days of the discussion.

(2) If the academic staff member is dissatisfied with the decision from the supervisor, he/she may appeal that decision in writing within 7 working days following the date of the written decision. The first avenue of appeal is the immediate superior of the supervisor, or, if this person is directly involved in the grievance, his/her supervisor. The person to whom the appeal is made shall make a determination and communicate this written judgment to the grievant within 5 working days of receipt of the appeal.

(3) Grievances upon which a decision has been rendered after completion of the foregoing procedure may be appealed within 15 working days from the date of the final decision to the Chancellor who shall, if requested, arrange for a hearing under the mechanism specified in Chapter 6.05 through 6.09.

8.04 FREEDOM FROM REPRISAL

Academic staff members who use the grievance procedure are guaranteed freedom from reprisal. Direct or subtle action taken by the supervisor intended to harass the employee shall be considered a reprisal. Normal administrative prerogatives and procedures such as reassignment of duties or employee evaluation are not forms of reprisal unless intent of harassment can be substantiated. An academic staff member who believes that reprisal is being threatened or effected may bring a statement of facts to the chairperson of the Academic Staff Committee who will investigate the alleged situation and report the findings with a recommendation to the Chancellor. The Chancellor will act upon this recommendation within 10 working days of receipt.

UW-Green Bay Chapter 9 - OUTSIDE ACTIVITIES AND CONFLICT OF INTEREST

9.01 BASIC POLICY

Every academic staff member, at the time of appointment, makes a personal commitment to professional honesty and integrity. It is a violation of this commitment for staff members to pursue outside interests or to seek financial gain for themselves, their immediate families, or organizations with which they are associated through activities that conflict with their responsibilities as employees of UW-Green Bay. Thus, the rules and procedures governing outside activities are designed to ensure devotion to all normal staff responsibilities, while permitting participation by staff in public service or other endeavors, including activities related to their fields of interest.

9.02 DEFINITIONS

(1) "Anything of value" means any money or property, favor, service, payment, advance, forbearance, loan, or promise of future employment, but does not include:

(a) Any salary, expenses, or other compensation received by a member of the academic staff from the university for his/her services;

(b) Any compensation, honoraria, or expenses derived from outside activities permitted under this chapter;

(c) Political contributions which are reported under Chapter 11 of Wisconsin State Statutes; or

(d) Hospitality extended for a purpose unrelated to university business.

(2) "Associated," when used with reference to an organization, means that a person or a member of a person's immediate family is a director, officer, or trustee, or owns or controls, directly or indirectly, and severally or in the aggregate, at least 10 percent of the outstanding equity.

(3) "Confidential university information" means information relating to university financial operations or personnel which is obtained from university records or in the course of official university business and which is not available to the general public upon request.

(4) "Contracting personnel" means those persons who are designated in writing by the Chancellor of UW-Green Bay or the President of the University of Wisconsin System to negotiate, review, approve, or sign contracts for the purchase of goods and services on behalf of UW-Green Bay, the System, or the Board of Regents. The term does not include persons who do either or both of the following:

(a) Contract only with outside agencies for research or for services to be performed by the university; or

(b) Negotiate, review, approve, or sign only employment contracts.

(5) "Immediate family" means:

(a) A staff member's spouse; and

(b) Any person who receives, directly or indirectly, more than one-half of his/her support from a staff member or from whom a staff member receives, directly or indirectly, more than one-half of his/her support.

(6) "Organization" means any corporation, partnership, proprietorship, firm, enterprise, franchise, association, trust, or other legal entity other than an individual or body politic.

9.03 OUTSIDE ACTIVITIES

(1) Members of the academic staff are free to engage in outside activities, whether or not such activities are remunerative or related to staff members' fields of interest or specialization. However, no member of the staff may engage in an outside activity if it conflicts with his or her public responsibilities to the System or at UW-Green Bay.

(2) Reportable outside activities. The following outside activities must be reported to the staff member's dean, director, or area leader:

(a) Associations with organizations, as defined in 9.02 and 9.06, related to a staff member's field of interest or specialization;

(b) Private remunerative relationships between staff members and non-governmental sponsors of university research for which the staff member is a principal investigator; and

(c) Remunerative outside activities, including but not limited to consulting, and whether the staff member earns for such activities \$5,000 or more in a year from a single source.

9.04 STANDARDS OF CONDUCT

(1) Personal Conduct

(a) No member of the academic staff may, in a manner contrary to the interests of the System, use or attempt to use his/her public position or state property, including property leased by the state, to gain or attempt to gain anything of substantial value for the private

benefit of the staff member, his/her immediate family, or any organization with which he/she is associated.

(b) No member of the academic staff may solicit or accept from any person or organization anything of value pursuant to an express or implied understanding that his/her conduct of university business would be influenced thereby.

(c) No member of the academic staff may intentionally use or disclose confidential university information in any way that could result in the receipt of anything of value for himself/herself, for his/her immediate family, or for any other person or organization with which he/she is associated.

(2) Contracting and Leasing

(a) No member of the academic staff, member of his/her immediate family, or any organization with which he/she is associated, may enter into any contract or lease involving payments of \$3,000 or more within a 12-month period, derived in whole or in part from university funds, if he/she is in a position to approve or influence, in his/her official capacity, the university's decision to enter into the contract or lease.

(b) If the staff member is not in a position to approve or influence the university's decision, he/she may enter into a contract or lease described in 9.04 (2) (a) if he/she first makes written disclosure of the nature and extent of any such relationship to the dean, director, or area leader and is approved. The dean, director, or area leader shall approve a staff member's interest in a lease or contract unless he/she determines that the staff member's personal interest in the agreement will conflict substantially and/or materially with the staff member's discharge of his/her university responsibilities.

(c) This subsection does not affect the application of subsection 946.13, Stats.

(3) Nepotism and Related Matters. In order to encourage and foster, to the fullest extent practicable, the accessibility of employment and education to qualified persons regardless of possible relationship through affinity or consanguinity to any academic staff member, academic staff members shall avoid any possible conflict of interest with such persons by observing the following:

(a) No member of the academic staff may participate, formally or informally, in the decision to hire, retain, promote or determine the salary of a member of his/her immediate family or a person with whom he/she is domiciled.

(b) No member of the academic staff may, in the supervision or management of another employee who is a member of his/her immediate family or a person with whom he/she is domiciled, give preferential or favored treatment.

(c) Every member of the academic staff is cautioned that situations may arise with individuals who are not members of the immediate family or domiciled with the staff member, which may also be subject to complaints against the staff member under UW-Green Bay Chapter 8, Complaints and Grievances. Examples of this might include individuals with whom an academic staff member has an emotional relationship, even though they are neither married, otherwise related, nor sharing a domicile. Any academic staff member in a situation that might involve the evaluation, hiring, or supervision of any such person is urged to seek the advice of his/her immediate supervisor(s) or the Academic Staff Ethics Committee (9.13) to arrange means to avoid conflicts of interest.

(d) Academic staff members who supervise students, teach or make decisions on student matters should exercise caution to avoid conflicts of interest and potential liabilities similar to those specified in (a), (b), and (c) above. In particular, staff members are advised to arrange with their supervisor(s) for alternative means for evaluating the work of, or making awards to, and decisions on, any students with whom they are domiciled, to whom they are married or otherwise related, or with whom they have or have had an emotional relationship.

9.05 REPORTING OF SUBSTANTIAL OUTSIDE ACTIVITIES

There are two forms of reporting incumbent upon academic staff members engaging in substantial outside activities: annual, and changed circumstances.

(1) An annual report of the previous calendar year outside activities must be filed by each staff member on or before April 30, with the Secretary of the Faculty and Academic Staff--notice and form to be supplied in advance.

(2) If significant increases occur in the nature and scope of reportable outside activities during the academic year, the staff member shall report in writing to his/her dean, director, or area leader the changed circumstances.

(3) Information required to be reported under this section shall, unless otherwise privileged by law, be a matter of public record.

9.06 CONFLICT OF INTEREST

The following are examples of activities likely to present the possibility of conflict of interest, and the staff member should seek the advice of his/her dean, director, or area leader regarding the changed circumstances:

(1) Extensive or recurring paid consulting;

(2) Associations, as defined in 9.02 (2), with for-profit organizations;

- (3) University research funded in whole or part by non-governmental sponsors through contract, grant, or restricted gift, where the staff member has a financial interest in the sponsor or the research results;
- (4) Activities involving a private remunerative relationship between a staff member and a non-governmental sponsor of university research for which the staff member is a principal investigator;
- (5) Situations that may result in research that would normally be carried out at the university being diverted to a private establishment to the detriment of the university;
- (6) Situations giving to a private entity exclusive access to information resulting from a staff member's university research;
- (7) Situations in which a staff member directs a student into research from which the member expects to receive financial gain.

9.07 ACTION TO AVOID POSSIBLE CONFLICT OF INTEREST

If, after review of any of the reports called for in 9.03, the staff member's dean, director, or area leader determines that a staff member's outside activities are excessive or improper, he/she shall inform the staff member of possible or actual conflict of interest between the staff member and the university (See UWS 8.04 for administrative procedures).

9.08 APPEAL OF A DECISION OF IMPROPRIETY

If the staff member's outside activities are judged improper by his/her dean, director, or area leader, the staff member has 15 working days after notification in which to appeal the decision to the Academic Staff Personnel Committee.

9.09 ABSENCE FROM REGULARLY SCHEDULED DUTIES

A member of the academic staff who expects to be absent from office or other duties to fulfill outside activities must inform his/her dean, director, or area leader in writing, and, if the absence is to be recurring or continuing, shall inform his/her dean, director, or area leader in writing.

9.10 REPORTING OF ANY INTENDED SERVICE AS AN EXPERT WITNESS IN LEGAL PROCEEDINGS, OR AS STAFF ADVISOR OF OR CONSULTANT TO GRANTING AGENCIES

Any staff member who intends to serve as an expert witness in legal proceedings shall inform in writing his/her dean, director, area leader of the nature of the proceedings. Any staff member

who is asked to serve as advisor or consultant, or in any other capacity, with a public or private agency which grants money or decides policy for grants, shall determine whether his/her participation will adversely affect the university's eligibility for funds from the agency involved, and shall report this determination in writing to his/her dean, director, or area leader.

9.11 USE OF UNIVERSITY FACILITIES

University facilities, equipment, supplies, and personnel ordinarily shall not be used by staff members for purposes other than carrying out their institutional responsibilities. If for any reason a staff member deems it essential to use such facilities, equipment, supplies, or personnel for personal or commercial activities, appropriate arrangements shall be made in advance and in writing with the dean, director, or area leader.

9.12 STUDENT RESEARCH PROTECTION

A staff member who engages students in research under his/her supervision shall inform such students of any financial interest which the staff member has in the research activity, including, but not limited to, financial arrangements involved in the direct support of the activity, agreements made by the staff member to obtain data for the research, or agreements concerning copyright or patent rights arising from the research.

9.13 ACADEMIC STAFF ETHICS COMMITTEE

The Academic Staff Committee is hereby designated as the UW-Green Bay Academic Staff Ethics Committee, as called for in UWS 8.03 (5). In this capacity, its function shall be to provide to any member of the academic staff consultation and advice on the application of this chapter. Committee deliberations and actions upon requests for consultation or advice shall be in meetings not open to the public. Records obtained in connection with requests for consultation or advice shall be considered confidential university information. However, summaries of advice provided by the Academic Staff Ethics Committee, which do not disclose identities of persons requesting such advice, shall be made public in an annual report.

9.14 SANCTIONS

(1) Any person may file a written complaint charging a violation of Chapter 9. The complaint shall state the name of the academic staff member alleged to have committed a violation and describe the violation.

(2) A complaint involving a member of the UW-Green Bay academic staff shall be submitted to the Chancellor. Upon receiving a complaint, the Chancellor shall proceed under Chapter 8 and UWS 11 or UWS 13.01, as appropriate.

(3) Notwithstanding the other provisions of this section, the Chancellor may investigate possible violations of Chapter 9 whenever the circumstances warrant and proceed in accordance with UWS 13.01.

UW-Green Bay Chapter 10 - RETIREMENT, RECOGNITION AND STATUS

10.01 CERTIFICATES

A *Certificate of Recognition* signed by the President of the Board of Regents, the Chancellor, and the Secretary of the Faculty and Academic Staff will automatically be sent to those retirees receiving emeritus/emerita status as defined in 10.02. For other retiring academic staff, departments may request a *Certificate of Appreciation* signed by the Chancellor by contacting the Office of Human Resources. If an employee has twenty or more years of State service, the employee will receive a certificate signed by the Governor.

10.02 EMERITUS/EMERITA STATUS

Emeritus/emerita status is an honorary title that may be conferred only upon individuals who have had permanent employment with UW-Green Bay and who are eligible to activate their annuities from the Wisconsin Retirement System. Emeritus/emerita appointments generally are for the lifetime of the individual and are terminated only for cause.

(1) Eligibility

(a) Emeritus/emerita status is limited to faculty, academic staff, and limited appointees retiring after extensive service at UW-Green Bay.

1) Academic staff and limited appointees must have completed ten or more years of service at the University just prior to retirement to be eligible for such recognition.

2) Academic staff may be granted emeritus/emerita status in their limited appointment, but not in their academic staff concurrent appointment.

(2) Process for Obtaining Emeritus/Emerita Status - The recommendation must originate with the candidate's supervisor and be sent to the area leader. If the area leader concurs with the recommendation, he/she forwards to the Chancellor. The Chancellor shall determine whether or not to grant the appointment after consultation with the Academic Staff Committee.

(a) The recommendation should include the following:

1) a narrative summary citing the professional accomplishments and record of University service of the retiring academic staff;

2) the expected date of retirement (a copy of the letter of retirement);

3) area leader approval.

a) Recommendations may be submitted throughout the year.

(3) Privileges of Emeritus/Emerita Status

(a) Perquisites of emeritus/emmerita designation are privileges extended by the various offices of the University rather than rights inherent in Emeritus/Emerita status per se. Some privileges are available to all retirees and not merely to those who have formally been designated emeritus/emmerita. Emeritus/emmerita status includes the following privileges:

- 1) Names of emeriti academic staff are published in all official listings and directories of faculty and academic staff.
- 2) Emeriti academic staff may march in Commencement or other academic processions.
- 3) Emeriti academic staff may participate in all social affairs of the University.
- 4) Emeriti academic staff are awarded a *Certificate of Recognition*.
- 5) Emeriti academic staff retain the UW-Green Bay ID and all the privileges it provides. Individual privileges will vary depending on the individual's anticipated future contribution to the institution.
- 6) Emeriti academic staff may, under certain circumstances, receive assistance in continuing their professional activities.

(b) Departmental prerogatives, such as access to office space and equipment are subject to departmental and budgetary limitations and shall be determined on a case-by-case basis at the discretion of the department chair.

(c) Nothing in the above paragraphs is meant to alter other currently established policies concerning priorities for use of certain facilities by students, faculty, staff, or visitors, nor is there any intent to limit the authority of individual program units to recommend such priority-use policies.

(4) Responsibilities of Emeritus/Emerita Status

All appropriate State, UW System, and UW-Green Bay rules and regulations, including those governing the use of University facilities and conduct on University property, apply to emeritus/emmerita appointments.

UW-Green Bay Academic Staff Committee Revised March 15, 1995 [A. (4)]
Chancellor Perkins Approved June 1, 1995

APENDIX II - UW-GREEN BAY ACADEMIC STAFF LEAVE OF ABSENCE

Leaves of Absence A leave of absence (LOA) is defined as an extended absence from full or partial University responsibilities that is requested by an employee and for which no salary is received from UW-Green Bay sources. The leave is considered to be of a temporary nature and for purposes as indicated below. This definition does not include leaves for illness, military service, or political activity.

A. General Leave of Absence Provisions

- 1) A leave of absence cannot be open-ended but must be for a specific period of time.
- 2) Initial leaves are generally for one year or less in duration subject to a discretionary extension for a second year. A leave extension must be applied for and approved according to the same procedures as an initial leave request.
- 3) Any extension beyond the second year must be approved by the Board of Regents and must be for a fixed period of time.
- 4) All leaves of absence are predicated on an agreement between the employee and the University that the employee will return to the University at the conclusion of the leave; each employee requesting a leave should be informed that failure to return to the University at the conclusion of the approved leave period constitutes a resignation from the University.

- 5) All leave of absences which are granted will be done so with the understanding that at the conclusion of the leave, the employee will return to the same position he/she held at the time the leave was granted.
- 6) While there are no restrictions on the number of contiguous leaves of absence without pay that may be granted, the availability of replacement staff, budgetary implications, and the need for programmatic continuity are factors that may be considered in granting or denying requests.
- 7) Leaves of absence without pay shall not constitute a break in service toward eligibility to multiple-year and rolling appointments.
- 8) An employee on leave of absence may be eligible for salary increases following the procedures used for salary administration during the LOA.
- 9) The employee granted a LOA must contact Human Resources prior to the start of the leave in order to learn how the leave will affect his/her fringe benefits.

B. Types of Leave

Leaves may be granted for the following reasons:

- 1) Educational Pursuits - which would enhance an employee's professional capabilities. These leaves are defined as a request by an employee to pursue a degree or advanced training at a recognized institution of higher education and in a specified program.
- 2) Professional Development - which would enhance an employee's professional capabilities. Such leaves could include but are not limited to the opportunity to work at another institution of higher education or in private industry to expand an employee's current skills and return to his/her present position with experience that will benefit the employee, his/her department and/or the University.
- 3) Exceptional Personal Reasons - which are not related to educational pursuits or professional enhancement. A leave of this nature is for personal reasons and does not relate to the University or the position in any way but is deemed acceptable by the department.

C. Leave of Absence Request Process

- 1) Preliminary discussions with the supervisor should be initiated, as far in advance as possible so adequate replacement staffing availability can be determined.
- 2) Except in special or unusual circumstances, the academic staff member shall submit in writing to his/her immediate supervisor a leave of absence request at least 90 days prior to the requested starting date. The request must include the reasons for the leave of absence and

the beginning and ending dates of the leave. If a part-time leave of absence is being requested, the letter must indicate the percent of time the individual wishes to be on leave.

3) The immediate supervisor will review the request, attach an explanation of approval or denial, and submit the request to his/her supervisor. Hiring authorities will follow the same action until the request is submitted to the appropriate area leader (i.e., Assistant Chancellor or Provost) within 15 working days of the date of the request.

4) The area leader will review the request as well as the various recommendations from the supervisors and make a decision. The area leader's decision (with reasons if the request is denied) will be communicated in writing to the employee within 20 working days of the date of the immediate supervisor's receipt of the original request. The area leader will inform the Chancellor of granted leaves of absence.

D. Guidelines for Granting or Denying Leave of Absence Requests

While there may be a wide variety of reasons to grant or deny a leave of absence request, decisions may be based on but not limited to:

1) Operational needs of the department and whether or not the department can continue to effectively operate without the employee.

2) The availability of qualified replacements and whether or not the major areas of the employee's workload will be able to be completed by a limited-term employee.

3) Past performance and annual evaluations which indicate above average performance by the employee.

4) Potential future benefits to the employee, division, department, or University.

5) Adequate advance notice.

6) The number of other employees within the same unit who have already been granted any type of leave of absence for the same or adjacent period.

A supervisor should make every attempt to reasonably accommodate the employee's request by investigating possible options before reaching a decision. In the event of a negative finding, the employee may join the supervisor in reviewing the request with the appropriate area leader.

E. Leave of Absence Extensions

Extensions for a LOA beyond the original agreed-upon time must follow the same request procedure. However, there is no appeal process for a denied LOA extension.

F. Record Keeping

A copy of the LOA Request/Authorization Form will be filed with the Human Resources. The Request/Authorization Form with documentation will be placed in the employee's personnel file in the Secretary of the Faculty and Academic Staff Office.
