Heartland Hospice

Volunteer Opportunities

Friendly Visitor/Companion Volunteer
Friendly Visitor volunteers enhance the quality of our patient’s lives through regular visits and social interaction. This may include reading to a patient, taking walks together or simply holding a hand and listening.

Vigil Volunteers
The goal of the Vigil Volunteer is to connect with patients during their final hours and to help ensure that no one dies alone. This may be through companionship by being with the patient who is dying, that are without family or friends present, or by providing support to family members who need a break from the bedside of their loved one.

Bereavement Volunteers
As a bereavement volunteer, the role is to be a companion and facilitator throughout the healing and grief process. You will work closely with our Bereavement Coordinators to support families through the first 13 months after the loss of a loved one.

Office Volunteers
Assist with organizational and clerical tasks to allow our staff more time to provide direct patient care.

Harmony Music Volunteers
Share your musical talents with hospice patients! If you play a musical instrument or enjoy singing, share your abilities with a hospice patient who enjoys music.

Pet Therapy Volunteers
 Volunteers will visit patients with their Pet Therapy Certified animal to provide social interaction and enjoyment to a hospice patient. Heartland Hospice has information on a certification program to help certify your pet, if not already certified!

Tuck In Call Volunteer
Volunteers are needed to call patients that live at home to provide a friendly check in call to ensure their needs are met or questions are answered before each weekend.

Professional Volunteers such as Massage Therapists, Music Therapists and Art Therapists are also needed for patient services & interaction!
