e. HR Update with Megan Noltner

Academic Staff Committee HR Update – 7/21/2021

- **Title and Total Compensation Project:**
  As announced last spring, the Title & Total Compensation (T&TC) Project implementation was delayed due to the COVID-19 pandemic. At this time, it has been announced that we will be moving forward with an implementation date for the new title structure in November, 2021.
  Below is a tentative timeline from now until go-live:

- **July 1 – September 10, 2021:**
  - Employee-manager conversations
  - Supervisor network sessions
November, 2021: Go-live

Post Go-Live: Formal Appeals Process

To reiterate some important talking points about T&TC:

- You will not lose your job
- You will not have to reapply for your job
- The work you do will not change
- Your pay will not be cut
- Your pay will not be automatically increased
- Your benefits will not change
- Your supervision will not change

What *may* change is your job title and job description.

More information will be communicated to the campus community throughout the summer and fall. For details related to T&TC as well as resources (including open forum recordings), please visit the UW Green Bay Title & Total Compensation (T&TC) Project Website.

- Single Payroll Project

In an effort to align with Operational Excellence goals of 2020FWD and standardize payroll processes, UW System Administration has made the decision to move forward with a single biweekly payroll for all employees. This is a system-wide initiative to standardize System payroll by moving all employees to the current biweekly payroll cycle. A final monthly paycheck will be paid on 7/30 for the period of 7/1-7/17. The first biweekly paycheck for the period of 7/18-7/31 will be paid on Thursday, 8/12.

Resources for the biweekly payroll transition can be found here: https://uwservice.wisconsin.edu/single-payroll

- Performance Evaluations: Non-Instructional Academic Staff & Limited Employees
A new fiscal year is only a few weeks away, with that will kick off annual performance evaluations for Non-Instructional Academic Staff & Limited Employees. Annual performance evaluations are a key component to employee performance and development. The objectives of annual performance evaluations are to provide all employees and their supervisors an opportunity to:

- Discuss job performance
- Set goals for professional development
- Establish objectives for contributing to the department’s mission
- Discuss expectations and accomplishments
- Discuss career progression eligibility

The Academic Staff Committee Statement on Adjusting Goals for Staff on Performance Reviews will be provided to Supervisors as part of the communication. In addition, HR will inform supervisors that they may receive a COVID-19 “Rubric” document from some employees, that was provided by shared governance as a voluntary assessment tool. Supervisors will be educated how they may use this document in their assessment. If these forms are received in the HR Office as part of the completed performance evaluation it will be placed in the employees personnel file. Any aggregate data regarding the rubric will not be shared. More about the Performance Evaluation process can be found here.

- COVID-19

Phoenix Forward Website

Over the next several weeks the Phoenix Forward Website is continuing to be reviewed and updated to understand how we’ll be operating this Summer and what the Fall semester may look like in order to continue to protect our Phoenix Family.

Exemption for Fully Vaccinated

Employees who are fully vaccinated can get an exemption from COVID-19 protocols by completing the Immunization Record form located in the MyUWPortal. As part of the form, employees will be required to upload proof of vaccination, by either providing a copy of their vaccination record from the Wisconsin Immunization Registry or a copy of their vaccination card. Instructions on how to complete the form can be found here.

Three key benefits of vaccination are students, employees and visitors who are vaccinated are no longer required to; participate in bi-weekly surveillance testing, wear a mask or practice
social distancing while in university buildings and complete the Daily Self-Assessment prior to arriving to campus each day.

**Reporting**
The University requests that all faculty and staff who become infected, suspected or exposed-close contact or faculty and staff who receive a first-hand report of someone who is infected, suspected or exposed-close contact, complete the COVID-19 Case Report.

**Employee Health & Wellness**
We recognize these unprecedented events may cause stress and other life challenges for you, your employees, and your family members and friends. We encourage employees to utilize individual providers through your health insurance program and/or UW-Green Bay’s Employee Assistance Program (EAP), which is available for all employees, to include student employees. EAP offers services to support employee well-being and resilience in work and life, including navigating anxieties related to COVID-19.

  i. Lynn Niemi asked if there were any employees impacted by the single payroll. HR cannot disclose other than to state that resources were offered.
  ii. Virginia Englebert asked about the mentoring program for new employees.
      1. Bethany Welch as the liaison to the L&I committee will reinforce the need to survey for mentors in the spring.
  iii. Nichole LaGrow shared a general concern regarding the differing departmental guidelines for returning to work as individuals have expressed concern regarding masking and unmasking.
      1. Lynn Niemi also shared that the signage can be confusing, some areas, like Wellness require masks, but the small print on some signs creates
some confusion. Marketing created universal signage that may be available for department use.

2. Laura Nolan asked if we will have an aggregate report on the percentage of vaccinated employees. If that information cannot be shared, is there any way that the information can be used to help determine our success with vaccination and surveillance. General consensus from the committee emphasized that the data could be used to allay concerns from faculty and staff regarding concerns for safe returns to campus.

3. Virginia Englebert raised a question regarding the inclusion of a COVID-impact statement for the academic staff annual reviews. Virginia Englebert asked if HR could report how many Academic Staff personnel use the form this year. HR has emphasized that information from those COVID-impact statements would not be shared in aggregate.

iv. Megan Noltner shared that she plans to report on the ADA process at the August meeting. Virginia Englebert will invite Kimberly Naporinski to the next meeting.

V. The committee engaged in a general conversation regarding the response to COVID. As the Delta Variant cases rise and concerns regarding those who are not vaccinated or cannot be vaccinated (e.g. the children of our faculty and staff), there are a variety of concerns that we need to address as a community and can serve as the advocate for Academic Staff concerns.

VI. Old Business
a. ADA request. Plan to address at the next meeting with the HR report.

VII. Governance/AS Committee Reports
a. Title and Total Compensation Meeting next week. Lynn Niemi will share the agenda and minutes.
b. System – There was not an Academic Staff representative on the President’s Search.
c. Professional Development Programming Committee – Nichole LaGrow reported that the meeting Professional Development Committee met and is planning on a professional development opportunity in August/September to support resilience as we return to working on campus.
d. Lynn Niemi asked that we create space for our members to add their liaison reports to the Virginia Englebert shared an Excel document she created to keep track of all of our committees.

VIII. Other Business/items for next meeting
a. Title and Total Compensation may be something we would like to have as a standing topic for the next few months as we continue to work through the process.
b. It was suggested that we invite a different University leader to our meetings to introduce our committee and its work.

IX. Adjourn
a. Lynn motioned to adjourn. Laura Nolan seconded. Meeting adjourned at 2:59 pm
