## Overview

The National Student Exchange (NSE) is a study away opportunity that allows you to take new courses, see new places, make new friends, and enroll in academic options that may not be available on your own campus. You can study for a single term or academic year at one of nearly 200 NSE member colleges and universities in the following locations:

- United States
- Guam
- Canada
- Puerto Rico

Students can study at a partner university for the price of UWGB tuition and the host school housing and living costs (Plan B)! Special programs may require you to pay host school tuition (Plan A).
