Show us your finished projects on social media with the #uucrafts!

**Supplies:**
- Mug
- 2 colors of paint
- Circle sponge brush
- Stickers

**Step 1**
Place your stickers on your mug where you would like to see your design.

**Step 2**
Paint on your mug with your sponge brush using your first color. Try to paint over almost all parts of the stickers. Let dry.

**Step 3**
Once the first color is dry, paint with your second color over the uncovered parts of the stickers. You will not want to see any of the stickers at this point. Let dry. Add a few dots of the first color of paint over the second color. Let dry.

**Step 4**
Once all the paint is dry, carefully take off the stickers and touch up the paint where needed.

Hand wash only. Enjoy!
