Pre-Trip Requirements
Participants must test negative on rapid antigen testing the day before departure. Participants must present their testing slip at the Outing Center immediately after their test.

Participants exhibiting any symptoms, regardless of test results, must stay home. Students that arrive on-location with symptoms will be barred from the current activity and referred to the Dean of Students office.

Travel Requirements
Transportation is not provided for Spring 2021. Participants must travel to location on their own.

Students who participate in these events are encouraged to review the CDC Travel Guidance. Students are asked not to carpool with anyone outside their household and it is recommended that any transportation adheres to CDC Guidance including social distancing and mask use.

On-Location Requirements
Per university policy, masks are mandatory and social distancing must be practiced at all times. All University sponsored events regardless of location are subject to the COVID-19 Event Policy. Failure to adhere to these policies will result in an immediate removal from the trip without refund or recourse.

Alcohol is not permitted during the primary activity or during breaks during the day. Non-compliance will result in an immediate removal without refund and be reported to the Dean of Students office.

Substances that are illicit in Wisconsin are strictly prohibited on-location, during the primary activity, and during breaks. Non-compliance will result in an immediate removal without refund and be reported to the Dean of Students office.

Post-Trip
All participants must engage in an antigen test 2-4 days after return from the trip.

Please Note: You are responsible for your own health and there are risks associated with activities and travel.
