**Concepts:**
Your creative ideas are the most important items you can bring to class. Work on a list of ideas. Bring along several sketches of characters or situations you would like to use or adapt, as well as any other past works you have done. Bring 5-10 comic books and/or any favorite cartoon illustrations that show a wide variety of styles, themes & sources. Please feel free to bring things other than what is typically considered “comic or cartoon” material. We will try to stretch the traditional boundaries of the medium. Collect any imagery (magazines, photos, etc.) or objects you find interesting for drawing references.
- If you want to listen to music, bring headphones. Do not let it distract you from any lecture or listening to the artistic voice in your head.

You have several options for buying your supplies for camp.
Option 1:
For your convenience you can order all of your supplies from Tradewinds, a local art supply store. You can pay them in advance and all of your supplies will be delivered to camp for you by the time you arrive. Tradewinds has been working with us to get us great deals on our materials. They have copies of all of our supply lists, and they can modify the list anyway you want. For example, your class calls for a ruler, but you plan to bring your ruler from home. No problem, Tradewinds will customize your order and sell you only what you need. Give them a call at 920-432-0270 or 1-800-449-0270. You can also email them at tradewinds@tds.net.
Option 2:
You can buy your supplies independently and bring them with you on the first day of camp.
