

Alphabetical Order

This dictionary presumes a certain amount of knowledge about Oneida and its writing system. In the Oneida section words are listed alphabetically through their citation forms. The alphabetical order is the following:

a, e, h, i, k, l, n, o, s, t, u, ʌ, w, x, y, ?

Accent and length marks are ignored in this order. Hyphens are added to the front and back of citation forms to show that they are not complete words. They require prefixes and suffixes to make them complete. These hyphens are generally ignored in the alphabetical order.
