Guiding Principles

University of Wisconsin-Green Bay (UWGB) is committed to the well-being, safety, and protection of all members of the UW community, including Minors. UWGB recognizes Minors are a vulnerable population, and they require special attention and protection. This Standard Operating Procedure (SOP) adopts minimum standards and expectations as to how UWGB will implement UW System Administrative Policy #625 Youth Protection and Compliance.

Compliance with this SOP does not eliminate or absolve performance of additional requirements that stem from state or federal laws and policies. UWGB Sponsored youth activities are expected to be in-line with all existing UWGB policy, Related Materials Section, and:

- WI Adm. Code Ch. ATPC 78, [Recreational and Educational Camps](#)
- WI Adm. Code Ch. 252, [Day Camps for Children](#)
- WI Adm. Code Ch. 145, [Control of Communicable Diseases](#)
- University of Wisconsin System Chapter 21, Use of University Facilities

Scope

- Third party programs and activities held on University property.

This policy does not apply to:

- A person under the age of eighteen (18) who is a matriculated student at the University.
- Events open to the general public, and which minors attend at the sole discretion of their parent(s) or legal guardian(s) and where the University does not have custodial care of the minor.
- Medical care provided to minors in an in-patient or out-patient setting
- Institution Review Board approved research.
- Daycare and preschool services provided by a licensed health or daycare provider or employee or volunteer acting under the direction of a licensed health care provider.
- Minors participating in pre-enrollment visitation or recruiting activities governed by the NCAA.
- UWGB Faculty who are guest lecturing at an outside organization and have no oversight of minors.

Locations

The standards included in this document are applicable to all individuals identified in the Scope Section regardless of their location.

Included Sites in this Plan

- Green Bay Campus (Brown County)
- Manitowoc Campus (Manitowoc County)
- Marinette Campus (Marinette County)
- Sheboygan Campus (Sheboygan County)

Participant Forms

All third-party organizations will comply with this section and documented requirements are to be stated within a contractual agreement.

1. Participant Hold Harmless Agreement

All participants should complete a Hold Harmless Agreement that includes photo and travel release. All RSO or third-party organizations will confirm the completion of a Participant Hold Harmless Agreement through the contractual process.

See Reference Section Participant Hold Harmless Agreement for a template.

2. Health Questionnaire

All participants should complete a Health Questionnaire that reports at a minimum, allergies medications, and other health related information.

3. Insurance

Camps Insurance is available for participants who are injured during the course of a covered activity. This information is noted on the CampDoc Portal for participants when registering. The Camp Office and Risk Management have available forms to provide to parent/guardian as requested.

If this occurs, Risk Management will send a letter to parent/guardian along with the camp insurance brochure/form. It is the responsibility of the other party to submit a claim. The University is not part of this process.

Annually, the Risk Office will submit camp insurance report to UW System with participant counts. Each departmental unit will be apprised of the cost to the Unit at that time. It is estimated a cost of \$.20 per participant per day is assessed to the Unit. Risk follows their internal insurance reporting process for this data collection.

4. Other Forms

Pursuant to other state statutes, including but not limited to DCF 252 and ATCP 78, Sponsored programs will also collect and retain other pertinent forms based on the Covered Activity and where the University has custodial care.

Electronic signatures are acceptable for waivers and releases, unless there is a provision in the applicable regulations prohibiting them. The waiver or release should provide in the text that electronic signature is a valid method of signing.

See Related Documents section or Reference Wisconsin Statutes section.

Staff Screening

The Program Sponsor or designee, in advance of a Covered Activity, is required to conduct proper screening of staff as required within this section prior to the event date. All screening will be recorded in the UWGB Volunteer System. Any records outside of this system must be approved by the Pre-College Liaison and then remain on file with the Program Sponsor.

All third-party organizations will comply with this section and documented requirements are to be stated within a contractual agreement.

Exception: Consult with the Pre-College Liaison to confirm any potential exceptions.

1. Reference Check

All *Authorized Adults* and *Designated Individuals*, serving in a covered activity must have a reference check that meets the minimum standards found in [UW system Administrative Policy 1275 Recruitment Policies](#) and include any prior reporting of sexual misconduct involving minors. This policy identifies reference check conversations that include, but are not limited to:

All *Authorized Adults* and *Designated Individuals* participating in a covered activity must have a Criminal Background Check. The CBC is a confidential document; results are shared with only the Education Outreach Director as appropriate.

All employment letters, Youth Event Agreement Forms or third-party contracts shall include language indicating that non-disclosure or negative findings will result in individuals being excluded from the Covered Activity.

Camp	Requirements	Duration

Staff Training

Training is required for all employees, associates, volunteers, or other individuals serving as Authorized Adults or Designated Individuals in any capacity at a Covered Activity where interaction with a minor occurs. Any individual in this capacity failing to comply will result in disciplinary action, including removal from role and/or authorization to work with minors.

All third-party organizations will comply with this section and documented requirements are to be stated within a contractual agreement.

All training will be recorded in the UWGB Volunteer System. Any records outside of this system must be approved by the Pre-College Liaison and then remain on file with the Program Sponsor. Elements of training adhere to System Policy 625, ATCP 78 and DCF 252. Refer to *Reference Section Wisconsin Camp Operation Requirements*.

Any department not utilizing the Camp Office must ensure they can produce the training requirements identified within this Section.

1. Prohibited Conduct

All staff/volunteers of a Covered Activity are to be trained as to prohibited conduct involving minors.

2. Mandatory Reporting

All staff/volunteers of a Covered Activity are to be trained as to mandatory reporting of incidents involving minors that occur during a Covered Activity.

3. Safety Plan

All Covered Activities must have a Safety Plan in place based on the event's level of risk. All staff/volunteers of the Covered Activity are to be trained on the Safety Plan and understand when and how incidents are to be reported to.

The Basic Safety Plan Model includes emergency preparedness and may be adapted to add additional protocols from ATCP 78 and DCF 252 as the event level of risk warrants.

4. Camp Coordination and Operation Requirements

The Education Outreach Executive Manager for youth programs will coordinate and verify additional training protocols for Camp Directors, Health Supervisors, Counselors, and Residential Advisors to ensure components of ATCP 78 and DCF 252 are met through an Operational Guide. This includes, but is not limited to check in/out, medication dispensing, and incident reporting.

Any covered activity operating outside of the Camp Office must use the *Operational Guide* or develop their own guide that documents the components from this section.

5. Other Training

Staff and volunteers may require additional training based on their position or role in a covered activity. As example, Health Supervisors is a youth protection requirement that has two additional trainings assigned. Use of a Lifeguard also requires a separate certificate.

Refer to [Table 2 Position Requirements](#) for required screening and training per identified position within the covered activity.

Incident Reporting

Any acts of retaliatory actions against an Incident Reporter are prohibited. Upon reporting, all incidents are to be documented on an Incident Report that may be obtained from the Program Facilitator.

All staff and volunteers working with minors will report any injury, illness, misconduct, or behavioral incidents outlined in UW System Policy or other identified prohibited conduct that has been made part of this SOP program requirement. Incidents may also include significant events that warrant documenting for liability purposes.

Program Sponsor or designee will be responsible for ensuring and enforcing this section of the SOP, which will include training of staff/volunteers on incident related matters.

Elements of Reporting shall include:

- All staff/volunteers will immediately report incidents identified within this SOP to the Program Facilitator using the designated forms
- The Program Facilitator will initiate the University reporting process and inform the Education Outreach Manager either through the designated forms
- The Education Outreach Manager will complete review and work with University leadership as required.

All third-party organizations will comply with this section and documented requirements are to be stated within a contractual agreement.

Risk Management

The Risk Management Office will receive notifications through the University reporting process and initiate review and other actions relevant to the incident, that may or may not be reported back to the Education Outreach Manager or Program Facilitator.

Record Retention

Upon completion of any program approval, contractual or otherwise, and receipt of stated forms, the Program Sponsor or designee may forward event records for retention to the Compliance Specialist, or save to the Youth SharePoint site. The *Youth Event Checklist* may be used to aid in collecting and verifying the requirements of this SOP. See *Reference Youth Event Checklist*.

The Compliance Specialist will conduct random audits of Program Facilitator or third-party organization files periodically to verify event records are in compliance with this SOP.

All Protected Health Information and other sensitive information shall follow Regent 25-5 to provide information technology security and access [Information Technology: Information Security | Board of Regents \(wisconsin.edu\)](#).

University of Wisconsin Retention Schedules require specific retention for records relating to Youth Protection. Retention for records relating to this SOP will allow for the maximum period required.

All event records will be maintained for a minimum of seven (7) years unless otherwise designated per an approved Record Schedule, and consist of:

Record Type	Schedule	Retention
Agreements/Contracts	W0000308	7 Years
Criminal Background Checks	UWHR0103	7 Years
Health/Medical Records	W0000305	3 Years
Incident Reports	W0000307	7 Years
Participant Records (registration, consent)	W0000303	7 Years
Roster – Participant/Staff	W0000303	7 Years
Staff Training	ADMIN304	4 Years
Staff/Volunteer Agreements	UWHR0406	2 Years

ACTP 78 has specific retention requirements for the Camp Register (78.23 (3) of 3 year retention) that is less than existing System Record Schedule W0000303. For purposes of this SOP, the Youth Participant Record Schedule of 7 years will prevail.

Compliance Audits

The Pre-College Liaison will conduct random audits to ensure compliance of this SOP. Programs or operational departments that do not comply with this SOP are subject to disciplinary action, including removal from role or authorization to host youth programs until compliance is achieved. Audits will be documented within the SharePoint Youth Log and conducted either electronically or in-person. See the *Reference Youth Audit Tool*.

- Electronic Audits: verify and confirm required documents are in place such as rosters, CBC's and staff training.
- In-Person: visually confirm supervision ratios, engage with authorized or Designated Individuals to seek their knowledge of required training points, and confirm Program Facilitator has a participant roster on hand at the event.

Medical Trainers for Third-Party Athletic Camps

The University does not provide medical trainers for third-party programs. Third-party athletic programs needing a medical trainer as part of their program may utilize the Green Bay Sports Medicine Staff with a list of individuals that could be considered for the program, based on the requirements of the third-party insurance company coverage. The third-party organization understands that if emergency response is needed, the event participant may incur medical costs associated with that response and transport if deemed necessary.

This language will be inserted into every third party agreement for athletic programs.

- a. Members of the Green Bay Sports Medicine Staff or Prevea staff athletic trainers **cannot** provide any scheduling or supervision (either medical or administrative) for the event third-party medical providers.
- a. Prevea staff athletic trainers could be considered, however they would be hired as independent contractors, working while using approved time off from their employer, and likely require a higher rate of pay than those provided on the list
- b. Third-party organization may find their own medical or professional athletic training staff, licensed by the State of Wisconsin as a Licensed Athletic Trainer, to work the event program if they choose, while non-professionals/students should not be considered. Licensed Athletic Trainers in Wisconsin must hold an active Wisconsin license, be CPR/AED Certified, and have a current Evaluation and Treatment Protocol signed by their consulting physician
- c. Any list of potential medical staff provided will not be an endorsement of any potential candidates to work the event program, only available options.
- d. As part of the event supervision of the third-party organization medical staff, the third-party organization staff will be responsible for scheduling, rate of pay/compensation for the event, and employment paperwork, tax forms, etc.

Safety Plan - Emergent Response Protocols

Based on an event's level of risk, the emergency response protocols below, as well as any other requirements from ATPC 78 and DCF 252 may be added to the event's Safety Plan or be covered in a Camp Manual.

Any first aid or medical treatment is under the direction and control of Health Supervisor or licensed emergency responder.
