☐ New Agreement ☒ Revised Agreement – Original Date 09/01/2018

This Articulation Agreement (“Agreement”) dated 4/28/2025 between The Board of Regents of the University of Wisconsin System, d.b.a. the University of Wisconsin-Green Bay (“UW-Green Bay”), and the Wisconsin Technical College System (WTCS) and Fox Valley Technical College (FVTC) supersedes all prior agreements for the Program named below.

Introduction and Rationale:

In accordance with the University of Wisconsin System guidelines for articulation agreements between UW System Institutions and WTCS (Wisconsin Technical College System) Districts, this Agreement will allow required coursework taken in the Foundations of Teacher Education Program at WTCS institutions to transfer and satisfy requirements within the Bachelor of Science in Education, Elementary and Middle School K-9 emphasis at UW-Green Bay.

The purpose of this Agreement is to provide a seamless transfer process for students from Fox Valley Technical College who desire further education to enter UW-Green Bay.

Conditions:

The terms of this Articulation Agreement apply only to FVTC students who successfully complete the Foundations of Teacher Education Program, meet the admission requirements for UW-Green Bay, and have applied and been accepted to the UW-Green Bay Professional Program in Education.

Further, the terms included in this agreement apply to students that started the Foundations of Education program at a FVTC beginning in or after August 2021, following the most recent revision to the statewide WTCS Foundations of Education curriculum.

Students are required to successfully complete all UW-Green Bay degree requirements to earn a UW-Green Bay degree. Successful completion of this bachelor degree program, along with other Wisconsin Department of Public Instruction (DPI) requirements such as student teaching and extremal assessments, is intended to lead to teacher certification for grades Kindergarten through grade nine. Students will be advised of all requirements upon acceptance to the program.

DPI requirements change from time-to-time, making program requirements subject to change. Students must meet any new requirements before a license will be awarded.

Articulated Courses:

Students who successfully complete the Foundations of Teacher Education (FoTE) Program at Fox Valley Technical College and meet the admission requirements of the UW-Green Bay Professional Program in Education will transfer 59 credits towards a Bachelor of Science Degree with an Education Major, which may lead to endorsement for a Wisconsin Teaching License. Courses will be assigned by course-to-course and/or block equivalency as listed in the tables below.
