### Prevention and Protection Tips

- Monitor your credit. Credit monitoring services track your credit report and alert you whenever a change is made, such as a new account or a large purchase. Most services will notify you within 24 hours of any change to your credit report.
- Consider placing a free credit freeze on your credit report. Identity thieves will not be able to open a new credit account in your name while the freeze is in place. You can place a credit freeze by contacting each of the three major credit bureaus:
  1. Equifax at **<https://www.equifax.com/personal/credit-report-services/>** or **(888) 766-0008**
  2. Experian at **<https://www.experian.com/freeze/center.html>** or **(888) 397-3742**
  3. TransUnion at **<https://www.transunion.com/credit-freeze>** or **(800) 680-7289**
- Place a fraud alert on your credit report. A fraud alert tells lenders and creditors to take extra steps to verify your identity before issuing credit. You can place a fraud alert by contacting any one of the three major credit bureaus.
