Upward Bound Transitional Bridge is a program for students entering 9th grade in the Green Bay Area School District. Here is a short introduction video - https://video.link/w/shmuc

Transitional Bridge is a two-week virtual program introducing students to the UWGB Upward Bound Program. During the program students meet daily with the program advisor and spend time virtually with their assigned peer mentor to learn more about the program, building valuable skills, boost confidence and make connections to ensure students are ready to positively navigate their high school experience.

The Transitional Bridge student learning will focus on:
- time management
- study skills
- effective note taking
- test taking
- active listening
- strengthening online learning skills
- reading w/ purpose
- plus much, much more

Enhance the start of high school years with the TRANSITIONAL BRIDGE PROGRAM.

Who is Eligible?

What is Upward Bound?
Upward Bound (UB) is a program that recruits academically focused high school students and prepares and encourages them to attend and successfully complete college.

The University of Wisconsin-Green Bay’s Upward Bound program was founded in 1990 and functions under a TRIO grant from the United States Department of Education. It is one of nearly 1,000 Upward Bound programs in the United States and part of an even larger TRIO pipeline designed to help open up access to educational opportunities and college graduation to all capable students.

How much does it cost?
NOTHING! All costs are covered by the program. It is FREE!

What can I expect from Upward Bound?
**Tutoring** to help maintain good grades in high school.
**Campus visits** to universities to help you compare them and make an educated choice.
**College placement workshops** to prepare for university entrance examinations (ACT/SAT), assist with college applications and financial aid forms.
**Career development experiences** to help identify career goals and begin preparing to fulfill them.
**Personal Advising** to provide support for the social and academic problems you may encounter in high school or at home.
**Social/cultural activities** and trips to broaden your experience and enhance social and leadership skills.
**Campus experience**, six weeks on campus each summer to introduce you to campus life, campus facilities, and precollege academic courses through a structured, residential experience.
**Summer instruction** in mathematics, science (including lab experience), reading and writing to accelerate your learning, help you prepare for college, and help you increase your GPA.
**Summer work study** placements to provide a paid opportunity to explore careers that require a college degree.
**College credit sponsored by Upward Bound** the summer following your high school graduation. As the final phase of your Upward Bound experience, you will enroll in the Summer Bridge program. During this time, the staff will assist your transition from high school to college.
**Assistance with earning dual enrollment credits.**

What is your commitment?
An Upward Bound student should be willing to:

- make a commitment to participate in the program from the time of acceptance through high school graduation.
- work hard to remain in good academic standing in high school.
- fully participate in the academic year and six-week academic summer program at UW-Green Bay.
- attend weekly after school tutoring labs, participate in monthly program events, and take pre-college courses.
- willing to give your very best at all times.
- Getting into and staying in Upward Bound is not easy. But for students who want success, Upward Bound has a caring staff and challenging programs to help them achieve their goals.
